

CLEVELAND CLINIC QUARTERLY—VOLUME 36, 1969

SUBJECT INDEX

- ANTINUCLEAR FACTOR (ANF) TEST.**
Diagnostic value, 53
- ARTHRITIS.** Juvenile rheumatoid, natural course of 230 cases,
Rheumatoid, surgery of the foot, 85
Rheumatoid, synovectomy of the proximal interphalangeal joint of the fingers, 155
- BACTERIA.** Anaerobic, culture of sterile urine, 133
- BILIARY CIRRHOSIS.** Primary, mitochondrial antibody test a clue to diagnosis, 95
- CEREBROSPINAL FLUID.** Creatine phosphokinase content; preliminary report of findings in multiple sclerosis, 47
- CERVICAL DISCOGRAPHY.** Pain response, diagnostic inaccuracy, 35
- CORDOTOMY.** Percutaneous, cervical, for relief of intractable pain, 183
- CUSHING'S SYNDROME.** Treated by intrasellar implants of ⁹⁰yttrium, 163
- ENTERITIS.** Regional, ceroid deposition in muscularis of small intestine, 189
- ERRATA,** 59
- FINGER JOINT.** Synovectomy of the proximal interphalangeal joint of the finger, 155
- FOOT,** Rheumatoid arthritis, surgery, 85
- HYPERHIDROSIS.** Essential, pathogenesis and treatment; report of seven cases treated by upper thoracic sympathectomy, 79
- HYPERTENSION.** Mild, management, 22 patients,
Portal, caused by congenital hepatic fibrosis of Riedel's lobe; report of a case, 143
- HYPOTENSION.** Orthostatic, idiopathic; report of a case, 137
- INTESTINE.** Small; ceroid deposition in muscularis, with regional enteritis, 189
- KIDNEY.** Anterior transperitoneal operative approach, 123
- LIPOMA.** Symmetric, of the neck; report of three cases, 91
- LIVER.** Congenital hepatic fibrosis of Riedel's lobe causing portal hypertension; report of a case, 143
- MITOCHONDRIAL ANTIBODY TEST.**
Clue to diagnosis of primary biliary cirrhosis; report of two cases, 95
- MULTIPLE SCLEROSIS.** Creatine phosphokinase content in cerebrospinal fluid; preliminary report, 47
- NECK.** Lipomas, symmetric; report of three cases, 91
- PELVIS.** Exenteration, 1
- POSTGRADUATE COURSES.** The Cleveland Clinic Educational Foundation, 65, 107, 153
- PUBLICATIONS.** Staff, 61, 105, 149, 195
- SCOLIOSIS.** Trends in management, 23
- STAPHYLOCOCCUS AUREUS.** Infection due to methicillin-resistant; report of a case, 9
- SYMPATHECTOMY.** Upper thoracic, for essential hyperhidrosis; report of seven cases, 79
- SYNOVECTOMY.** Proximal interphalangeal joint of finger in rheumatoid arthritis, 155
- TRANSPLANTATION.** Heart, report of a case, 67
- TRIGEMINAL NEURALGIA.** Tegretol in the treatment of 30 patients, 17
- URINE.** Sterile, test for anaerobic bacteria, 133
- ZOLLINGER-ELLISON SYNDROME.** Arteriographic manifestations; report of a case, 41
