SUBJECT INDEX

A

- Achalasia**
Regurgitation in a patient with an esophageal diverticulum (internal medicine board review). Falk GW. 409
- Acidosis, lactic**
Severe perioperative lactic acidosis: How clinically significant is it? O'Hara JF, Tetzlaff JE, Smith MP. 314
- Acquired immunodeficiency syndrome**
Clinical practice guidelines for HIV infection: progress towards making AIDS a primary care disease (editorial). Goldfarb J, Longworth DL. 238
- Acromegaly**
Medical treatment of pituitary tumors (grand rounds) (see correction on page 239). Sheeler LR. 99
- Adenoma**
Metastasis or adenoma? Computed tomographic evaluation of the adrenal mass. Singer AA, Obuchowski NA, Einstein DM, Paushter DM. 200
Metastasis or adenoma? Computed tomographic evaluation of the adrenal mass (commentary). Bravo EL. 205
- Adrenergic alpha receptor blockaders**
Labetalol and other agents that block both alpha- and beta-adrenergic receptors. Pearce CJ, Wallin JD. 59
- Aged**
Anorexia of aging: a simple approach to management (CME digest). Gorbien MJ. 253
Delirium in the hospitalized elderly. Sumner AD, Simons RJ. 258
- Alpha 1-antitrypsin deficiency**
Physical and social impact of alpha 1-antitrypsin deficiency: results of a survey. Stoller JK, Smith P, Yang P, Spray J. 461
- Alzheimer's disease, pathology**
The search for diagnostic criteria in Alzheimer's disease: an update. Prayson RA, Estes ML. 115
- Amenorrhea**
A woman with amenorrhea and galactorrhea (internal medicine board review). Hoogwerf BJ, Kohse LM, Sheeler LR. 103
- Amyloid beta-protein**
The search for diagnostic criteria in Alzheimer's disease: an update. Prayson RA, Estes ML. 115
- Anemia, sickle cell**
Autologous blood transfusion and intraoperative cell salvage in a patient with homozygous sickle cell disease. Fox JS, Amaranath L, Hoeltge GA, Andrich JT. 137
- Anorexia**
Anorexia of aging: a simple approach to management (CME digest). Gorbien MJ. 253
- Antihypertensive agents**
Role of the renal microcirculation in antihypertensive therapy. Inman SR, Stowe NT, Vidt DG. 356
- Antitubercular agents**
The challenge of drug-resistant tuberculosis. Reichman LB. 431
- Antiviral agents**
Antiviral therapy in HIV infection: practical guidelines (CME digest). Parame 76
- Aortic dissection**
A pregnant woman with shortness of breath (internal medicine board review). Roberts JA, Arnold AM. 19
- Arthritis**
Enteropathic arthritis (grand rounds). Wright V. 14
- Atherectomy**
Dilate or debulk? (cardiology dialogue). Holmes DR, Topol EJ. 124
- Atrial fibrillation**
The maze procedure for refractory atrial fibrillation (letter). Cheng TO. 159
The maze procedure for refractory atrial fibrillation (in reply). McCarthy PM. 160
- Autoantibodies**
Antineutrophil cytoplasmic antibodies in Wegener's granulomatosis and other diseases: clinical issues. Galperin C, Hoffman GS. 416
- Autoimmune diseases**
Estrogen, progesterone, and testosterone: Can they be used to treat autoimmune diseases? Van Vollenhoven RF, McGuire JL. 276
- Azathioprine**
Azathioprine vs cyclosporine in recipients of HLA-identical renal allografts. Gill IS, Hodge EE, Novick AC, Strem SB, Braun WE, Paranandi L. 206

B

- Bacillary angiomatosis**
New and emerging infectious diseases: a self-test of clinical recognition (internal medicine board review). Gordon SM. 250
- Balloon dilatation**
Dilate or debulk? (cardiology dialogue). Holmes DR, Topol EJ. 124
- Beta blockers**
Beta blockers in patients with diabetes and coronary artery disease (letter). Dove FB. 159
- Bleomycin**
Chemotherapy-induced Raynaud's phenomenon. Toubis-Ioannou E, Cohen PR. 195
- Blood transfusion, autologous**
Autologous blood transfusion and intraoperative cell salvage in a patient with homozygous sickle cell disease. Fox JS, Amaranath L, Hoeltge GA, Andrich JT. 137
- Blood preservation**
Autologous blood transfusion and intraoperative cell salvage in a patient with homozygous sickle cell disease. Fox JS, Amaranath L, Hoeltge GA, Andrich JT. 137
- Bone density**
Prevention and osteoporosis management. Licata AA. 451

C

- Cancer therapy**
Realistic goals of cancer therapy: effective and human care. Markman M. 468
- Cardiac output**
Cardiac function and dysfunction in hypertension. Fouad FM. 351
- Cardiac surgery**
The maze procedure for refractory atrial fibrillation (letter). Cheng TO. 159
The maze procedure for refractory atrial fibrillation (in reply). McCarthy PM. 160
Echocardiographically guided removal of an intracardiac foreign body. Font VE, Gill CG, Lammermeier DE. 228
- Cholestasis, intrahepatic**
Intrahepatic cholestasis during nicotinic acid therapy: case report and literature review. Patel SD, Taylor HC. 70
- Clinical trials**
Decoding the Modification of Diet in Renal Disease study. Dennis VW. 254
- Colitis, ulcerative**
Enteropathic arthritis (grand rounds). Wright V. 14
Colorectal cancer in ulcerative colitis patients: survival curves and surveillance. Lashner BA. 272
- Colorectal neoplasms**
Colorectal cancer in ulcerative colitis patients: survival curves and surveillance. Lashner BA. 272
- Conjunctival diseases**
An unusual ocular manifestation of discoid lupus erythematosus. Foster RE, Lowder CY, Meisler DM, Valenzuela R, McMahon JT, Camisa C. 232
- Contraceptive behavior**
Attitudes toward childbearing and changes in sexual and contraceptive practices among HIV-infected women. Lai K-K. 132
- Coronary artery disease**
Diagnostic evaluation of the patient with coronary artery disease. Pashkow FJ. 43
Dilate or debulk? (cardiology dialogue). Holmes DR, Topol EJ. 124
Beta blockers in patients with diabetes and coronary artery disease (letter). Dove FB. 159
Temporal electrical heterogeneity for detecting coronary artery disease: results in a heterogeneous cardiac population. Jones SE, Underwood DA. 304
Coronary artery disease in renal transplant recipients. Braun WE, Marwick TH. 370
Homocysteine and coronary artery disease. Robinson K, Mayer E, Jacobsen DW. 438
- Crohn's disease**
Enteropathic arthritis (grand rounds). Wright V. 14
- Cyclosporine**
Azathioprine vs cyclosporine in recipients of HLA-identical renal allografts. Gill IS, Hodge EE, Novick AC, Strem SB, Braun WE, Paranandi L. 206
Cyclosporine: mechanisms of action and toxicity. Graham RM. 308
Role of cyclosporine in glomerular diseases. Glasscock RJ. 363
- Cytomegalovirus**
Infections and immunizations in organ transplant recipients: a preventive approach. Avery RK. 386

D

- Delirium**
Delirium in the hospitalized elderly. Sumner AD, Simons RJ. 258
- Depression**
Assessing depression in medical patients (grand rounds). Tesar GE. 174
- Diabetes**
Glycemic control and complications of diabetes mellitus: practical implications of the Diabetes Control and Complications Trial (DCCT) (editorial). Hoogwerf BJ, Brouhard BH. 34
Changing the course of diabetic nephropathy: angiotensin-converting enzyme inhibition in type I diabetic renal disease (editorial). Pohl MA. 38
Beta blockers in patients with diabetes and coronary artery disease (letter). Dove FB. 159
Future directions in diabetes treatment (CME digest). Lewis EJ. 398
- Diagnosis**
Diagnostic evaluation of the patient with coronary artery disease. Pashkow FJ. 43
- Dizziness**
Chronic dizziness: vestibular evaluation and rehabilitation (grand rounds). Hamid MA. 247
- Drug resistance, microbial**
The challenge of drug-resistant tuberculosis. Reichman LB. 431
- Duplex ultrasonography**
Advances in noninvasive screening for renovascular disease. Nally JV Jr, Olin JW, Lammert GK. 328

E

- Echocardiography**
Transesophageal echocardiography: why and when to use it (cardiology dialogue). DeMaria A, Klein A, Belli G, Annan K, Thomas J. 211
Echocardiographically guided removal of an intracardiac foreign body. Font VE, Gill CG, Lammermeier DE. 228
- Ehrlichiosis**
New and emerging infectious diseases: a self-test of clinical recognition (internal medicine board review). Gordon SM. 250
- Electrocardiography**
Temporal electrical heterogeneity for detecting coronary artery disease: results in a heterogeneous cardiac population. Jones SE, Underwood DA. 304
- Electrodes, implanted**
Durability of bipolar coaxial endocardial pacemaker leads compared with unipolar leads. Helguera ME, Pinski SL, Maloney JD, Woscoboinik JR, Trohman RG, Morant VA, Wilkoff BL, Castle LW. 25
- Endocarditis**
Diagnosing infective endocarditis (grand rounds). Longworth DL. 172
- Equipment failure**
Durability of bipolar coaxial endocardial pacemaker leads compared with unipolar leads. Helguera ME, Pinski SL, Maloney JD, Woscoboinik JR, Trohman RG, Morant VA, Wilkoff BL, Castle LW. 25
- Esophageal diverticulum**
Regurgitation in a patient with an esophageal diverticulum (internal medicine board review). Falk GW. 409

F

- Fine-needle aspiration biopsy**
Fine-needle aspiration biopsy to evaluate thyroid nodules (grand rounds). Beham R. 246
- Fluorescent antibody technique**
Antineutrophil cytoplasmic antibodies in Wegener's granulomatosis and other diseases: clinical issues. Galperin C, Hoffman GS. 416
- Follow-up studies**
Long-term follow-up of children after repair of atrial septal defects. Mandelik J, Moodie DS, Sterba R, Murphy D, Rosenkranz E, Medendorp S, Kovaks A. 29
- Foreign body, cardiac**
Echocardiographically guided removal of an intracardiac foreign body. Font VE, Gill CG, Lammermeier DE. 228

G

- Galactorrhea**
A woman with amenorrhea and galactorrhea (internal medicine board review). Hoogwerf BJ, Kohse LM, Sheeler LR. 103
- GI bleeding**
GI bleeding: identifying the source (grand rounds). Laine LA. 407
- Glomerular filtration rate**
Preglomerular and postglomerular blood flow: relationship to kidney disease and treatment. Inman SR, Brouhard BH, Stowe NT. 179

Goals of treatment

- Realistic goals of cancer therapy: effective and humane care. Markman M. 468

H

- Health behavior**
Influencing health behavior: physicians as agents of change (editorial). Jason H. 147
- Heart failure, congestive**
Congestive heart failure due to a pancreatic pseudocyst. Lee FYW, Wang Y-T, Poh S-C. 141
- Heart septal defects, atrial**
Long-term follow-up of children after repair of atrial septal defects. Mandelik J, Moodie DS, Sterba R, Murphy D, Rosenkranz E, Medendorp S, Kovaks A. 29
Atrial septal defects (letter). Siddiqui MA. 473
Atrial septal defects (in reply). Moodie DS. 473
- Hemodialysis**
Dialysis-related mortality in the United States. Hull AR. 393
- Hispanic Americans**
Hypertension in Hispanic Americans. Cangiano JL. 345
- History of medicine**
Dr. John Phillips: the unknown physician. McClelland CQ. 153
Wegener's granulomatosis: the man behind the eponym. Mercado U. 428
- HIV infections**
Antiviral therapy in HIV infection: practical guidelines (CME digest). Para ME. 76
Attitudes toward childbearing and changes in sexual and contraceptive practices among HIV-infected women. Lai K-K. 132
Prophylaxis of opportunistic infections in persons with HIV infection. Stearn BF, Polis MA. 187
Clinical practice guidelines for HIV infection: progress towards making AIDS a primary care disease (editorial). Goldfarb J, Longworth DL. 238
- Homocysteine**
Homocysteine and coronary artery disease. Robinson K, Mayer E, Jacobsen DW. 438
- Hospitalization**
Delirium in the hospitalized elderly. Sumner AD, Simons RJ. 258
- Hypercoagulability**
Clinical pathological conference: a 51-year-old man with a history of stroke and red streaks in the legs. Mayer ME, Olin JW, Masaryk TJ, Kottke-Marchant K. 219
- Hypertension**
Treating hypertension in older patients: special considerations (CME digest). Sheps SG. 77
Hypertension and nephrology: practical aspects of diagnosis and treatment (introduction). Vidt DG. 327
Antihypertensive treatment in patients with peripheral vascular disease. Olin JW. 337
Hypertension in Hispanic Americans. Cangiano JL. 345
Cardiac function and dysfunction in hypertension. Fouad FM. 351
- Hypertension, renovascular**
Advances in noninvasive screening for renovascular disease. Nally JV Jr, Olin JW, Lammert GK. 328
- Hypothyroidism**
A woman with amenorrhea and galactorrhea (internal medicine board review). Hoogwerf BJ, Kohse LM, Sheeler LR. 103

I

- Immune system**
Estrogen, progesterone, and testosterone: Can they be used to treat autoimmune diseases? Van Vollenhoven RF, McGuire JL. 276
- Immunosuppression**
Cyclosporine: mechanisms of action and toxicity. Graham RM. 308
- Infective endocarditis**
Diagnosing infective endocarditis (grand rounds). Longworth DL. 172
- Intraoperative complications**
Severe perioperative lactic acidosis: How clinically significant is it? O'Hara JF, Tetzlaff JE, Smith MP. 314

J

- Jaundice**
Intrahepatic cholestasis during nicotinic acid therapy: case report and literature review. Patel SD, Taylor HC. 70

K

Kidney

- Management of kidney stones: How new technology has affected the indications for intervention (grand rounds). Strem SB. 13
- Preglomerular and postglomerular blood flow: relationship to kidney disease and treatment. Inman SR, Brouhard BH, Stowe NT. 179
- Azathioprine vs cyclosporine in recipients of HLA-identical renal allografts. Gill IS, Hodge EE, Novick AC, Strem SB, Braun WE, Paranandi L. 206
- Coronary artery disease in renal transplant recipients. Braun WE, Marwick TH. 370

L

Labetalol

- Labetalol and other agents that block both alpha- and beta-adrenergic receptors. Pearce CJ, Wallin JD. 59

Length of stay

- DNR orders and length of stay (letter). Vinicky JK. 78
- DNR orders and length of stay (in reply). Kanoti GA. 79

Lithotripsy

- Management of kidney stones: How new technology has affected the indications for intervention (grand rounds). Strem SB. 13

Liver diseases

- Guidelines for routine liver biopsy during methotrexate treatment (letter). Cash JM, Wilke WS. 317
- Guidelines for routine liver biopsy during methotrexate treatment (in reply). Brass EP. 318

Lupus anticoagulant

- Clinical pathological conference: a 51-year-old man with a history of stroke and red streaks in the legs. Mayer ME, Olin JW, Masaryk TJ, Kottke-Marchant K. 219

Lupus erythematosus

- Medical aspects of pregnancy. Jaff MR. 263

Lupus erythematosus, discoid

- An unusual ocular manifestation of discoid lupus erythematosus. Foster RE, Lowder CY, Meisler DM, Valenzuela R, McMahon JT, Camisa C. 232

Lupus nephritis

- Role of cyclosporine in glomerular diseases. Glassock RJ. 363

M

Maze procedure

- The maze procedure for refractory atrial fibrillation (letter). Cheng TO. 159
- The maze procedure for refractory atrial fibrillation (in reply). McCarthy PM. 160

Mediastinal cyst

- Congestive heart failure due to a pancreatic pseudocyst. Lee FYW, Wang Y-T, Poh S-C. 141

Methotrexate

- Guidelines for routine liver biopsy during methotrexate treatment (letter). Cash JM, Wilke WS. 317
- Guidelines for routine liver biopsy during methotrexate treatment (in reply). Brass EP. 318

Microcirculation

- Role of the renal microcirculation in antihypertensive therapy. Inman SR, Stowe NT, Vidt DG. 356

Mortality

- Dialysis-related mortality in the United States. Hull AR. 393

Multiple myeloma

- Multiple myeloma: an overview of diagnosis and management. Hussein M. 285

N

Neoplasms

- Common complications and emergencies associated with cancer and its therapy. Markman M. 105

Nephrology

- Hypertension and nephrology: practical aspects of diagnosis and treatment (introduction). Vidt DG. 327

Nephrotic syndrome

- Role of cyclosporine in glomerular diseases. Glassock RJ. 363

Neurofibrillary tangles

- The search for diagnostic criteria in Alzheimer's disease: an update. Prayson RA, Estes ML. 115

Niacin

- Intrahepatic cholestasis during nicotinic acid therapy: case report and literature review. Patel SD, Taylor HC. 70

O

Opportunistic infections

- Prophylaxis of opportunistic infections in persons with HIV infection. Stearn BF, Polis MA. 187
- Infections and immunizations in organ transplant recipients: a preventive approach. Avery RK. 386

Osteoporosis

- Prevention and osteoporosis management. Licata AA. 451

Ovarian neoplasms

- Ovarian cancer update: management challenges and advances. Markman M. 51

P

Pacemaker, artificial

- Durability of bipolar coaxial endocardial pacemaker leads compared with unipolar leads. Helguera ME, Pinski SL, Maloney JD, Woscoboinik JR, Trohman RG, Morant VA, Wilkoff BL, Castle LW. 25

Pancreatic pseudocyst

- Congestive heart failure due to a pancreatic pseudocyst. Lee FYW, Wang Y-T, Poh S-C. 141

Parenteral nutrition, total

- Severe perioperative lactic acidosis: How clinically significant is it? O'Hara JF, Tetzlaff JE, Smith MP. 314

Pericardial effusion

- Common complications and emergencies associated with cancer and its therapy. Markman M. 105

Peripheral vascular diseases

- Antihypertensive treatment in patients with peripheral vascular disease. Olin JW. 337

Phillips, Dr. John

- Dr. John Phillips: the unknown physician. McClelland CQ. 153

Pituitary neoplasms

- Medical treatment of pituitary tumors (grand rounds) (see correction on page 239). Sheeler LR. 99

Pleural diseases

- Pleural changes in malignant pleural effusions: appearance on computed tomography. O'Donovan PB, Eng P. 127
- Right pleural effusion due to a migrating ventriculoperitoneal shunt. Meeker DP, Barnett GH. 144

Polysomnography

- Use of the sleep laboratory in suspected sleep apnea syndrome: Is one night enough? Mendelson WB. 299

Pregnancy

- A pregnant woman with shortness of breath (internal medicine board review). Roberts JA, Arnold AM. 19
- Attitudes toward childbearing and changes in sexual and contraceptive practices among HIV-infected women. Lai K-K. 132
- Medical aspects of pregnancy. Jaff MR. 263

Primary prevention

- Prevention and osteoporosis management. Licata AA. 451

Primary care

- Clinical practice guidelines for HIV infection: progress towards making AIDS a primary care disease (editorial). Goldfarb J, Longworth DL. 238

Prolactinoma

- Medical treatment of pituitary tumors (grand rounds) (see correction on page 239). Sheeler LR. 99

Protein restriction

- Decoding the Modification of Diet in Renal Disease study. Dennis VW. 254

Pseudotumor cerebri

- Right pleural effusion due to a migrating ventriculoperitoneal shunt. Meeker DP, Barnett GH. 144

Pulmonary embolism

- Thromboembolic disease: underdiagnosed, undertreated, deadly (grand rounds). Olin JW. 97

Q

Quality of life

- Physical and social impacts of alpha 1-antitrypsin deficiency: results of a survey. Stoller JK, Smith P, Yang P, Spray J. 461

Questionnaires

- Physical and social impacts of alpha 1-antitrypsin deficiency: results of a survey. Stoller JK, Smith P, Yang P, Spray J. 461

R

- Raynaud's disease**
Chemotherapy-induced Raynaud's phenomenon. Toubis-Ioannou E, Cohen PR. 195
- Regurgitation**
Regurgitation in a patient with an esophageal diverticulum (internal medicine board review). Falk GW. 409
- Renal circulation**
Role of the renal microcirculation in antihypertensive therapy. Inman SR, Stowe NT, Vidt DG. 356
- Renal failure**
Decoding the Modification of Diet in Renal Disease study. Dennis VW. 254
The clinical usefulness of urinalysis (internal medicine board review). Hall PM. 177
- Renal scintigraphy**
Advances in noninvasive screening for renovascular disease. Nally JV Jr, Olin JW, Lammert GK. 328
- Reproducibility of results**
Use of the sleep laboratory in suspected sleep apnea syndrome: Is one night enough? Mendelson WB. 299
- Resuscitation**
DNR orders and length of stay (letter). Vinicky JK. 78
DNR orders and length of stay (in reply). Kanoti GA. 79
- Risk factors**
Long-term follow-up of children after repair of atrial septal defects. Mandelik J, Moodie DS, Sterba R, Murphy D, Rosenkranz E, Medendorp S, Kovaks A. 29
Coronary artery disease in renal transplant recipients. Braun WE, Marwick TH. 370

S

- Sensitivity and specificity**
Diagnostic evaluation of the patient with coronary artery disease. Pashkow FJ. 43
Temporal electrical heterogeneity for detecting coronary artery disease: results in a heterogeneous cardiac population. Jones SE, Underwood DA. 304
- Sex hormones**
Estrogen, progesterone, and testosterone: Can they be used to treat autoimmune diseases? Van Vollenhoven RF, McGuire JL. 276
- Sleep apnea syndromes**
Use of the sleep laboratory in suspected sleep apnea syndrome: Is one night enough? Mendelson WB. 299
- Smoking**
Influencing health behavior: physicians as agents of change (editorial). Jason H. 147
- Stroke**
Clinical pathological conference: a 51-year-old man with a history of stroke and red streaks in the legs. Mayer ME, Olin JW, Masaryk TJ, Kottke-Marchant K. 219
- Superior vena cava syndrome**
Common complications and emergencies associated with cancer and its therapy. Markman M. 105
- Survival analysis**
Colorectal cancer in ulcerative colitis patients: survival curves and surveillance. Lashner BA. 272

T

- Thrombophlebitis**
Thromboembolic disease: underdiagnosed, undertreated, deadly (grand rounds). Olin JW. 97
Medical aspects of pregnancy. Jaff MR. 263
- Thyroid cancer**
Fine-needle aspiration biopsy to evaluate thyroid nodules (grand rounds). Beham R. 246
- Tomography, x-ray computed**
Pleural changes in malignant pleural effusions: appearance on computed tomography. O'Donovan PB, Eng P. 127
Metastasis or adenoma? Computed tomographic evaluation of the adrenal mass. Singer AA, Obuchowski NA, Einstein DM, Paushter DM. 200
Metastasis or adenoma? Computed tomographic evaluation of the adrenal mass (commentary). Bravo EL. 205
- Transplantation**
Cyclosporine: mechanisms of action and toxicity. Graham RM. 308
Infections and immunizations in organ transplant recipients: a preventive approach. Avery RK. 386
- Tuberculosis**
The challenge of drug-resistant tuberculosis. Reichman LB. 431

U

- Urinalysis**
The clinical usefulness of urinalysis (internal medicine board review). Hall PM. 177

V

- Ventricular function**
Cardiac function and dysfunction in hypertension. Fouad FM. 351
- Ventriculoperitoneal shunt**
Right pleural effusion due to a migrating ventriculoperitoneal shunt. Meeker DP, Barnett GH. 144
- Vertigo**
Chronic dizziness: vestibular evaluation and rehabilitation (grand rounds). Hamid MA. 247
- Vinblastine**
Chemotherapy-induced Raynaud's phenomenon. Toubis-Ioannou E, Cohen PR. 195

W

- Wegener's granulomatosis**
Wegener's granulomatosis: changing perceptions of a once-fatal disease (introduction to minisymposium). Hoffman GS. 412
Treating Wegener's granulomatosis: how far have we come? Hoffman GS. 414
Antineutrophil cytoplasmic antibodies in Wegener's granulomatosis and other diseases: clinical issues. Galperin C, Hoffman GS. 416
Wegener's granulomatosis: the man behind the eponym. Mercado U. 428
