SUBJECT INDEX

A

- Acetaminophen**
 Managing acetaminophen overdose (Grand Rounds). Gitlin N. 209
- Adolescent**
 Hypertension in children and adolescents. Brouhard BH. 21
- Adrenergic beta receptor agonists**
 Asthma: current controversies and emerging therapies. Kavuru MS, Pien L, Litwin D, Erzurum S, Ahmad M. 293
- African Americans**
 Coronary heart disease in African Americans: primary and secondary prevention. Clark LT, Emerole O. 285
- Aged**
 Managing hypertension in the elderly: dispelling the myths. Gifford RW Jr. 29
 Acute hospital care of the elderly: minimizing the risk of functional decline. Palmer RM. 117
 Management of acute myocardial infarction in the elderly. Tresch DD, Berkompas D. 156
 Oral disease in the geriatric patient: the physician's role. Pyle MA, Terezhalmay GT. 218
 Perioperative care of the elderly patient: special considerations. Miller DL. 383
- Alcoholism**
 Postoperative confusion in a 42-year-old man (Internal Medicine Board Review). Isaacson JH. 370
 A 55-year-old man with chronic liver disease and coagulation abnormalities (Internal Medicine Board Review). Anderson C. 372
- Aminosalicylic acids**
 Use of old and new oral 5-aminosalicylic acid formulations in inflammatory bowel disease. Brzezinski A, Rankin GB, Seidner DL, Lashner BA. 317
- Aneurysm, false**
 Chest pain in a patient with congenital heart disease (Internal Medicine Board Review). Arnold AM. 206
- Aneurysm, dissecting**
 Postpartum myocardial infarction: association with primary coronary artery dissection. Mansur LI, Minns GO, Steckley RA. 261
 Acute dissection of the aorta: options for diagnostic imaging. Razavi M. 360
- Angioplasty**
 Angioplasty or thrombolysis in acute myocardial infarction: dilate or dissolve? (Cardiology Dialogues). Gersh BJ, Topol EJ. 15
- Antineoplastic agents**
 Chemotherapy in the management of breast cancer. Overmoyer BA. 36
- Aortic aneurysm**
 Chest pain in a patient with congenital heart disease (Internal Medicine Board Review). Arnold AM. 206
- Aortic coarctation**
 Chest pain in a patient with congenital heart disease (Internal Medicine Board Review). Arnold AM. 206
- Ascitic fluid**
 Portal venous pressure and the serum-ascites albumin concentration gradient. Harjai KJ, Kambale MS, Ashar VJ, Anklesaria PS, Ratnam KL, Abraham P. 62
- Asthma**
 Gastroesophageal reflux disease: an overlooked cause of asthma (Grand Rounds). Richter JE. 146
 Asthma: current controversies and emerging therapies. Kavuru MS, Pien L, Litwin D, Erzurum S, Ahmad M. 293

B

- Back pain**
Back pain: medical evaluation and therapy. Mazanec DJ. 163
- Bicarbonate, serum**
The effect of prolonged tourniquet application on serum bicarbonate. Bany-Mohammed FM, Macknin ML, Van Lente F, Vanderbrug Medendorp S. 68
- Bleeding time**
The preoperative bleeding time test: assessing its clinical usefulness. Gewirtz AS, Kottke-Marchant K, Miller ML. 379
- Blood specimen collection**
The effect of prolonged tourniquet application on serum bicarbonate. Bany-Mohammed FM, Macknin ML, Van Lente F, Vanderbrug Medendorp S. 68
- Breast cancer**
Chemotherapy in the management of breast cancer. Overmoyer BA. 36
- Bronchogenic cyst**
An abnormal chest finding in a 45-year-old man (Internal Medicine Board Review). Patel S, Meeker DP. 12

C

- Calcium**
Calcium stones: calcium restriction not warranted (CME Digest). Hall PM. 71
- Calcium antagonists**
Are calcium antagonists safe? Gifford RW Jr. 348
- Cancer**
Chemotherapy in the management of breast cancer. Overmoyer BA. 36
The familial ovarian cancer registry: progress report. Belinson JL, Okin C, Casey G, Ayoub A, Klein R, Hart WR, Franco K, Litt R. 129
Cancer prevention: what the physician can do. Gerlach RW. 184
Radical hysterectomy for cervical cancer: the effect of shorter length of stay on outcome. Kennedy AW, Peterson G, Tuason LJ, Belinson JL, Webster KD. 193
An update on prostate cancer. Klein EA. 325
- Cardiovascular disease**
Evaluating cardiac risk in noncardiac surgery patients. Bronson DL, Halperin AK, Marwick TH. 391
- Cerebrovascular circulation**
New developments in the understanding of cerebral vasoregulation and vasospasm: the endothelin-nitric oxide network. Eherenreich H, Schilling L. 105
- Cervix neoplasms**
Radical hysterectomy for cervical cancer: the effect of shorter length of stay on outcome. Kennedy AW, Peterson G, Tuason LJ, Belinson JL, Webster KD. 193
- Child**
Hypertension in children and adolescents. Brouhard BH. 21
- Coagulation abnormalities**
A 55-year-old man with chronic liver disease and coagulation abnormalities (Internal Medicine Board Review). Anderson C. 372
- Communication**
Communication and malpractice: why patients sue their physicians (Grand Rounds). Beckman H. 84
- Confusion**
Postoperative confusion in a 42-year-old man (Internal Medicine Board Review). Isaacson JH. 370
- Coronary artery disease**
Current status of stress echocardiography in the diagnosis of coronary artery disease. Marwick TH. 227
Are calcium antagonists safe? Gifford RW Jr. 348
Coronary heart disease in African Americans: primary and secondary prevention. Clark LT, Emerole O. 285
- Costs and cost analysis**
The familial ovarian cancer registry: progress report. Belinson JL, Okin C, Casey G, Ayoub A, Klein R, Hart WR, Franco K, Litt R. 129

D

- Decision making**
Accuracy and predictive values in clinical decision-making. Eisenberg MJ. 311
- Deep venous thrombosis**
Deep venous thrombosis: low-molecular-weight heparins in perioperative prophylaxis (Grand Rounds). Merli G. 368
- Diabetes, type II**
Identifying early markers of type II diabetes (Grand Rounds). Mehta AE. 211
Role of metformin in type II diabetes (Grand Rounds). Epstein S. 278
- Diuretics**
Managing hypertension in the elderly: dispelling the myths. Gifford RW Jr. 29

Dopaminergic agents

- Dopamine agonists in the treatment of Parkinson's disease. Pahwa R, Koller WC. 212
- Drug metabolism**
Drug metabolism in malnutrition and obesity: clinical concerns (editorial). Speerhas R. 73

E

- Echocardiography**
Assessing myocardial ischemia, hibernation, and viability: stress echocardiography and nuclear imaging (Cardiology Dialogues). Beller GA, Marwick TH. 89
Current status of stress echocardiography in the diagnosis of coronary artery disease. Marwick TH. 227
Stress echocardiography: its emerging role in identifying viable myocardium. Rimmerman CM. 235
- Endoscopy**
The endoscope and infection transmission: the problems and how to avoid them (Grand Rounds). Benjamin SB. 279
- Endothelins**
New developments in the understanding of cerebral vasoregulation and vasospasm: the endothelin-nitric oxide network. Eherenreich H, Schilling L. 105
- Epilepsy**
Antiepileptic drug therapy in younger patients: when to start, when to stop. Zacharowicz L, Moshé SL. 176
Pathogenesis of epilepsy: the role of excitatory amino acids. Holmes GL. 240
- Exercise test**
Current status of stress echocardiography in the diagnosis of coronary artery disease. Marwick TH. 227
Stress echocardiography: its emerging role in identifying viable myocardium. Rimmerman CM. 235

F

- Fine-needle aspiration biopsy**
Fine-needle aspiration biopsy (letter). Fischler DF, Biscotti CV. 76
Fine-needle aspiration biopsy (in reply). Beham RA. 76
- Furosemide**
Drugs for the prevention and treatment of acute renal failure. Cosentino F. 248

G

- Gastroesophageal reflux**
Gastroesophageal reflux disease: an overlooked cause of asthma (Grand Rounds). Richter JE. 146
- Geriatric dentistry**
Oral disease in the geriatric patient: the physician's role. Pyle MA, Terezhalmay GT. 218
- Glaucoma**
Glaucoma therapy: implications for the internist (Grand Rounds). Rockwood EJ. 10

H

- Hazard, Dr. John Beach**
In memoriam. John Beach Hazard, MD. Hoffman GC. 5
- Heart hypertrophy**
Left ventricular hypertrophy and cardiovascular prognosis. Lauer MS. 169
- Helicobacter pylori**
Current status of *Helicobacter pylori* in peptic ulcer disease. Falk GW. 95
- Hepatotoxicity**
Managing acetaminophen overdose (Grand Rounds). Gitlin N. 209
- History of medicine**
In memoriam. John Beach Hazard, MD. Hoffman GC. 5
- Hospitalization**
Acute hospital care of the elderly: minimizing the risk of functional decline. Palmer RM. 117
- Hypertension**
Hypertension in children and adolescents. Brouhard BH. 21
Managing hypertension in the elderly: dispelling the myths. Gifford RW Jr. 29
- Hypertension, portal**
Portal venous pressure and the serum-ascites albumin concentration gradient. Harjai KJ, Kamble MS, Ashar VJ, Anklesaria PS, Ratnam KL, Abraham P. 62
- Hypotension, orthostatic**
Evaluating unexplained syncope with upright tilt testing. Kapoor WN. 305
Using the tilt test to diagnose cause of syncope (editorial). Fouad-Tarazi FM. 339

Hysterectomy

Radical hysterectomy for cervical cancer: the effect of shorter length of stay on outcome. Kennedy AW, Peterson G, Tuason LJ, Belinson JL, Webster KD. 193

I**Infection control**

The endoscope and infection transmission: the problems and how to avoid them (Grand Rounds). Benjamin SB. 279

Inflammation

Asthma: current controversies and emerging therapies. Kavuru MS, Pien L, Litwin D, Erzurum S, Ahmad M. 293

Inflammatory bowel disease

Use of old and new oral 5-aminosalicylic acid formulations in inflammatory bowel disease. Brzezinski A, Rankin GB, Seidner DL, Lashner BA. 317

K**Kidney failure, acute**

Drugs for the prevention and treatment of acute renal failure. Cosentino F. 248

Knee effusion

A 47-year-old woman with a swollen leg (Internal Medicine Board Review). Rosian R, Mandell BF. 281

L**Laboratory tests**

Preoperative screening: What tests are necessary? Jones T, Isaacson JH. 374

Litigation

Communication and malpractice: why patients sue their physicians (Grand Rounds). Beckman H. 84

Low back pain

Back pain: medical evaluation and therapy. Mazanec DJ. 163

Low-molecular-weight heparins

Deep venous thrombosis: low-molecular-weight heparins in perioperative prophylaxis (Grand Rounds). Merli G. 368

Lyme disease

A 47-year-old woman with a swollen leg (Internal Medicine Board Review). Rosian R, Mandell BF. 281

M**Malnutrition**

Drug metabolism in malnutrition and obesity: clinical concerns (editorial). Speerhas R. 73

Malpractice

Communication and malpractice: why patients sue their physicians (Grand Rounds). Beckman H. 84

Man-made mineral fibers

Health effects of man-made mineral fibers (Grand Rounds). Horvath EP. 8

Managed care

Impact of the health care marketplace on tertiary care institutions (letter). Ahmad M. 269

Mannitol

Drugs for the prevention and treatment of acute renal failure. Cosentino F. 248

Medical consultation

Introduction: the internist as consultant. Bronson DL, Halperin AK, Isaacson JH. 366

Medical oncology

Trends in radiation oncology: a review for the nononcologist. Koka A, Macklis RM. 254

Medical economics

Impact of the health care marketplace on tertiary care institutions (letter). Ahmad M. 269

Medical literature

'Further education'...and further refinements (from the editor). Wiedemann HP. 83

Medical ethics

Caring for dying patients: physicians and assisted suicide (editorial). Cassel CK. 259

Metformin

Role of metformin in type II diabetes (Grand Rounds). Epstein S. 278

Methotrexate

Methotrexate in rheumatoid arthritis: when NSAIDs fail. Flynn JA, Hellmann DB. 351

Migraine

Advances in migraine management. Lewis TA, Solomon GD. 148

Myocardial ischemia

Assessing myocardial ischemia, hibernation, and viability: stress echocardiography and nuclear imaging (Cardiology Dialogues). Beller GA, Marwick TH. 89

Myocardial infarction

Angioplasty or thrombolysis in acute myocardial infarction: dilate or dissolve? (Cardiology Dialogues). Gersh BJ, Topol EJ. 15

Management of acute myocardial infarction in the elderly. Tresch DD, Berkompas D. 156

Stress echocardiography: its emerging role in identifying viable myocardium. Rimmerman CM. 235

Postpartum myocardial infarction: association with primary coronary artery dissection. Mansur LI, Minns GO, Steckley RA. 261

N**Neoplasms**

Cancer prevention: what the physician can do. Gerlach RW. 184

Nephrolithiasis

Calcium stones: calcium restriction not warranted (CME Digest). Hall PM. 71

Neurotransmitter

Pathogenesis of epilepsy: the role of excitatory amino acids. Holmes GL. 240

Nifedipine

Are calcium antagonists safe? Gifford RW Jr. 348

Nitric oxide

New developments in the understanding of cerebral vasoregulation and vasospasm: the endothelin-nitric oxide network. Eherenreich H, Schilling L. 105

Nuclear imaging

Assessing myocardial ischemia, hibernation, and viability: stress echocardiography and nuclear imaging (Cardiology Dialogues). Beller GA, Marwick TH. 89

O**Obesity**

Drug metabolism in malnutrition and obesity: clinical concerns (editorial). Speerhas R. 73

Oral health

Oral disease in the geriatric patient: the physician's role. Pyle MA, Terezhalmay GT. 218

Orthopedic surgery

Deep venous thrombosis: low-molecular-weight heparins in perioperative prophylaxis (Grand Rounds). Merli G. 368

Ovarian neoplasms

The familial ovarian cancer registry: progress report. Belinson JL, Okin C, Casey G, Ayoub A, Klein R, Hart WR, Franco K, Litt R. 129

P**Parkinson's disease**

Dopamine agonists in the treatment of Parkinson's disease. Pahwa R, Koller WC. 212

Peptic ulcer

Current status of *Helicobacter pylori* in peptic ulcer disease. Falk GW. 95

Perioperative care

Introduction: the internist as consultant. Bronson DL, Halperin AK, Isaacson JH. 366

Preoperative screening: What tests are necessary? Jones T, Isaacson JH. 374

Perioperative care of the elderly patient: special considerations. Miller DL. 383

Popliteal cyst

A 47-year-old woman with a swollen leg (Internal Medicine Board Review). Rosian R, Mandell BF. 281

Postpartum complications

Fever and pleuritis in a postpartum patient (Internal Medicine Board Review). Jaff MR. 86

Radical hysterectomy for cervical cancer: the effect of shorter length of stay on outcome. Kennedy AW, Peterson G, Tuason LJ, Belinson JL, Webster KD. 193

Postoperative pulmonary complications: risk assessment, prevention, and treatment. Hayden SP, Mayer ME, Stoller JK. 401

Posture

Evaluating unexplained syncope with upright tilt testing. Kapoor WN. 305

Using the tilt test to diagnose cause of syncope (editorial). Fouad-Tarazi FM. 339

Predictive value of tests

Accuracy and predictive values in clinical decision-making. Eisenberg MJ. 311

Preoperative care

The preoperative bleeding time test: assessing its clinical usefulness. Gewirtz AS, Kottke-Marchant K, Miller ML. 379

- Evaluating cardiac risk in noncardiac surgery patients. Bronson DL, Halperin AK, Marwick TH. 391
- Prevalence**
Accuracy and predictive values in clinical decision-making. Eisenberg MJ. 311
- Preventive medicine**
Cancer prevention: what the physician can do. Gerlach RW. 184
- Prostatic neoplasms**
