

# CLEVELAND CLINIC JOURNAL OF MEDICINE

## EDITORIAL

### What now for the *Cleveland Clinic Journal of Medicine*? 4

As medicine changes, so must the *Cleveland Clinic Journal of Medicine*. Dr. John D. Clough, the new editor-in-chief, outlines the *Journal's* educational mission.

J.D. CLOUGH

## MEDICAL GRAND ROUNDS

■ WILLIAM S. WILKE, EDITOR

### Diabetes in the elderly: studies dispel common misconceptions 5

Diabetes in the elderly is common but often not diagnosed and treated well. A rational approach to treatment can improve patients' quality of life and reduce long-term complications.

A. MOORADIAN

## INTERNAL MEDICINE BOARD REVIEW

■ DAVID L. LONGWORTH AND JAMES K. STOLLER, EDITORS

### A 37-year-old woman with end-stage cirrhosis, progressive dyspnea, platypnea, and hypoxemia 8

A self-test of clinical recognition.

P.A. LANGE AND J.K. STOLLER

## CLINICAL REVIEWS

### Treatment of obstructive sleep apnea: the role of nasal continuous positive airway pressure 12

Continuous positive airway pressure is the treatment of choice for the initial management of sleep apnea, but compliance can be difficult. Some practical tips on its use.

S.R. PATEL, J.A. GOLISH, AND K. STELMACH

### Community-acquired pneumonia: an update 16

Community-acquired pneumonia: clinical presentation, diagnostic workup, and whom to hospitalize. Choice of antibiotics, by individual pathogen.

D.P. MEEKER AND D.L. LONGWORTH

## CURRENT DRUG THERAPY

■ DONALD G. VIDT, EDITOR

### Lipid-regulating and antiatherosclerotic therapy: current options and future approaches 31

New strategies for regulating lipids, such as new drugs and gene therapy, hold promise in reducing coronary heart disease, but current guidelines are still the first, best strategy.

A.M. GOTTO

**CLINICAL DECISION-MAKING**

■ GARY S. HOFFMAN, *EDITOR*

**New series: Clinical decision-making at the crossroads** 42

A new series, illuminating how physicians, faced with multiple good choices and issues of cost-effectiveness, make everyday diagnostic and treatment decisions.

G.S. HOFFMAN

**Bone scintigraphy screening in stage I-II breast cancer: Is it cost-effective?** 43

A recommendation that bone scanning not be routinely used for follow-up after successful treatment for early-stage breast cancer.

K.A. WIKENHEISER AND E.B. SILBERSTEIN

**CANCER DIAGNOSIS AND MANAGEMENT**

■ MAURIE MARKMAN, *EDITOR*

**An update on breast cancer: evolving treatments and persistent questions** 48

Although early diagnosis remains important, many diagnostic and treatment dilemmas persist. An overview of the current state of breast cancer knowledge, and a historical perspective.

J.P. CROWE

**CARDIOLOGY DIALOGUES**

■ JAMES THOMAS, *EDITOR*

**Should community hospitals perform angioplasty for acute myocardial infarction?** 57

A debate about the advantages and disadvantages of community hospitals performing angioplasty for myocardial infarction, even if they have no facilities for heart surgery.

W.D. WEAVER AND J.M. SUTTON

**ORIGINAL STUDY**

**Multidisciplinary treatment for chronic low back pain: a randomized, prospective study** 62

Intensive treatment programs for low back pain are expensive, but can reduce health care, pension, and sick leave costs.

A.E. BENDIX, T. BENDIX, K. VÆGTER, AND OTHERS

**CME CREDIT TEST**

**CATEGORY I CREDIT:** 70  
**Test your knowledge of clinical topics in this issue**
