An empiric approach to acute cystitis

367

375

A simple algorithm is effective and saves time.

- H pylori and functional dyspepsia What studies show about whether to treat.
- Coronary angiography Still the gold standard, but no longer on a pedestal of infallibility.
- Gulf war syndrome What is known? What is not?
- The threat of bioterrorism Would we recognize an attack, should one occur?
- Fever of unknown origin Finding the etiology of a puzzling case.
