

TABLE OF CONTENTS

FROM THE EDITOR.....

We try to walk the line 504

Whenever we publish a review of a new drug, we run the risk of being perceived as promoting the drug.

B. F. MANDELL

REVIEW.....

'I'm not that sick!' Overcoming the barriers to hospice discussions 517

We describe the role and services of hospice care, explore misconceptions about hospice and barriers to discussing the issue, and suggest ways to facilitate conversations with patients with terminal illness.

K. M. RUSSELL AND S. B. LEGRAND

CARDIOVASCULAR BOARD REVIEW.....

An elderly man with syncope caused by right ventricular infarction and anomalous coronary vasculature 527

Up to half of inferior infarctions involve the right ventricle. Typical signs of right ventricular infarction include hypotension, jugular venous distention, clear lung fields, ST-segment depression in V₁ and V₂, and elevations in V₃R and V₄R.

Y. KIM, T. H. WANG, A. ASKARI, AND M. S. PENN

MEDICAL GRAND ROUNDS.....

Sexually transmitted diseases 2006: A dermatologist's view 537

How to recognize, diagnose, and manage common sexually transmitted diseases, and how their presentation and treatment differ in patients with human immunodeficiency virus.

T. ROSEN

THE CLINICAL PICTURE.....

A young man with unexplained dyspnea 554

He has Wegener granulomatosis, and pulmonary function testing shows flattening of the inspiratory and expiratory limbs of his flow-volume loop. What is the cause?

F. ZAHR, A. C. MEHTA, AND O. A. MINAI

1-MINUTE CONSULT.....

Should beta-blockers be discontinued when a patient is admitted to the hospital with acutely decompensated heart failure? 557

Hard data on this topic are scant, but the answer depends on the patient's perfusion status and vital signs.

W. H. FARES AND A. ANEJA

REVIEW

Evaluating and managing adrenal incidentalomas 561

When an adrenal mass is found unexpectedly on imaging in a patient with no other evidence of adrenal disease, how can one determine if it is clinically benign or needs treatment?

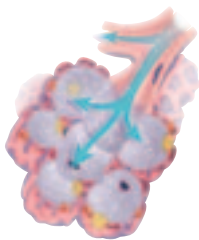

T. GOPAN, E. REMER, AND A.H. HAMRAHIAN

REVIEW

Inhaled human insulin: An inspiration for patients with diabetes mellitus? 569

We discuss the pharmacology, efficacy, important clinical trials, and practical aspects of inhaled insulin, and potential concerns associated with its use.

M.B. DAVIDSON, A.E. MEHTA, AND E.S. SIRAJ

EDITORIAL

Inhaled human insulin: Coup or caution? 580

Inhaled human insulin is a big step forward, but it comes with cautions, concerns, and additional responsibilities.

J.K. STOLLER

IMAGING IN PRACTICE

Diagnostic imaging: Radiation dose and patients' concerns 583

Radiologic procedures carry small but real risks from radiation exposure. What should we tell patients?

D. LOCKWOOD, D. EINSTEIN, AND W. DAVROS

PATIENT-ORIENTED EVIDENCE THAT MATTERS (POEMs)

Intensive insulin is helpful only if ICU stay is 3 days or more 510

Obesity does not affect 5-year knee replacement outcomes 512

Management of antiphospholipid antibody syndrome 513

Droperidol is a better antiemetic than metoclopramide or prochlorperazine 560

DEPARTMENTS

CME Calendar 506

Letter to the Editor 587

Thiazolidinediones and heart failure (April 2006).

Correction 588

Thiazolidinediones and heart failure (April 2006).

CME Self-test Online 590

- The *Cleveland Clinic Journal of Medicine* is peer-reviewed and indexed in *Index Medicus*.

UPCOMING FEATURES

- Uses and misuses of heel ultrasound data in osteoporosis
- Drugs for alcoholism: Good concept, but modest benefit
- MRI of the heart: Promises fulfilled?
- Women's Health Study: Are aspirin and vitamin E protective?
- Toward rational therapy of neuropathic pain
- When children with cystic fibrosis grow up
- Sinusitis: Allergies, antibiotics, aspirin, asthma
- Are statins beneficial in acute coronary syndromes?
