

TABLE OF CONTENTS

FROM THE EDITOR.....

Why effective drugs don't work for everyone 3

For now, the concept of antiplatelet resistance is useful and probably biologically relevant, but it isn't ready to be incorporated into our clinical practice.

B.F. MANDELL

EDITORIAL.....

Mumps surveillance and prevention: Putting mumps back on our radar screen 13

After the mumps vaccine was introduced, the incidence of mumps fell by 99%. Many of the current generation of physicians have never seen this disease.

M.H. KYAW, W.J. BELLINI, AND G.H. DAYAN

IM BOARD REVIEW.....

Leg weakness in a 66-year-old woman: A common presentation of an uncommon disease 23

She has proximal leg weakness, weight loss, dry mouth, orthostatic hypotension, and diminished sensation in the arms and legs. What is the likely cause?

A.S. STOJIC, T. MEKHAIL, AND B.E. TSAO

IMAGING IN PRACTICE.....

Which imaging test for right lower quadrant pain? 37

A 36-year-old woman presents to the emergency department with abdominal pain and intermittent nausea. You suspect that she has acute appendicitis. Which imaging test should you order to further evaluate this patient?

D.M. HOLDEN AND D.M. EINSTEIN

REVIEW.....

The resurgence of mumps in young adults and adolescents 42

Outbreaks of mumps in 2005 prompt us to review the salient features and the updated recommendations for vaccination against this once-common disease.

J.D. SHANLEY

REVIEW

**Variable response to antiplatelet therapy:
What does it mean to clinicians?** 49

Ex vivo tests show that platelet function and response to antiplatelet therapy vary markedly from person to person. But just how clinically significant are these measurements?

N. FALLUJI AND S.R. STEINHUBL

REVIEW

**Evaluating and managing urinary
incontinence after prostatectomy:
Beyond pads and diapers** 57

Men who become persistently incontinent after undergoing prostatectomy have a variety of options for regaining control, from behavioral changes to surgery.

H.O. ATIEMO, L. MOY, S. VASAVADA, AND R. RACKLEY

CURRENT DRUG THERAPY

**Glucosamine in osteoarthritis:
Questions remain** 65

Glucosamine is now widely used, but studies have so far failed to prove convincingly that it works, how it might work, or whether it is safe to take long-term.

C.J. LOZADA

MEDICAL GRAND ROUNDS

**The effect of obstructive sleep apnea
on chronic medical disorders** 72

Evidence is mounting that obstructive sleep apnea causes or contributes to many chronic medical diseases, and that treatment with continuous positive airway pressure often improves the concomitant diseases.

N. COLLOP

PATIENT-ORIENTED EVIDENCE THAT MATTERS (POEMs)

- **BNP is misleading
in patients with a history of heart failure** 16
- **Carotid stenting is inferior
to carotid endarterectomy** 20
- **DHEA and testosterone are not effective
in aging patients** 56
- **Rosiglitazone delays the development
of diabetes mellitus (DREAM trial)** 64

DEPARTMENTS

Letter to the Editor 9

Primary progressive aphasia (November 2006)

Correction 71

PET and PET/CT imaging (December 2006)

CME Self-test Online 79

UPCOMING FEATURES

- **Understanding and
minimizing thrombosis
in drug-eluting stents**
- **When and how to fix
a 'hole in the heart'**
- **HIV testing for all:
The new standard of care**
- **Better glycemic
control in the hospital:
Beneficial, feasible**
- **Bugs, drugs, and you:
Preventing nosocomial
infections**
- **Do not mistake bipolar
for unipolar depression**
- **Which ovarian masses
need intervention?**
