

TABLE OF CONTENTS

FROM THE EDITOR

To dream the maybe possible dream: A breast cancer vaccine **584**

The work is in an extremely preliminary phase, but the concept is an active area of research worth keeping tabs on.

B.F. MANDELL

SMART TESTING

Should all patients have a resting 12-lead ECG before elective noncardiac surgery? **594**

If the risk is low, an ECG could unnecessarily delay surgery, drive up costs, trigger further testing, and increase anxiety.

P. SHARMA, S. DHUNGEL, AND A. PRABHAKARAN

THE CLINICAL PICTURE.....

Terry nails in a patient with chronic alcoholic liver disease **603**

His fingernails had a distal thin brown-pink transverse band, a white nail bed, and no lunula.

S. KHICHAR AND S. CHOUDHARY

MEDICAL GRAND ROUNDS.....

Bench-to-bedside challenges in developing immune protection against breast cancer **605**

A vaccine against breast cancer is being developed. Here, the author explains the principles and challenges.

V.K. TUOHY

MEDICAL GRAND ROUNDS.....

Keeping up with immunizations for adults **608**

Flu, tetanus, measles, mumps, rubella, varicella, hepatitis A and B, human papillomavirus, zoster, pneumonia, and meningitis.

C. NIELSEN

- HIV in women: Unique needs and concerns
- Testosterone replacement: The knowns and unknowns
- IL28B polymorphisms and hepatitis C treatment
- Which headache patients need imaging?

DEDICATED TO LIFELONG LEARNING
CLEVELAND CLINIC JOURNAL OF MEDICINE

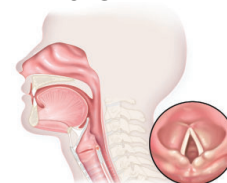

OCTOBER 2014

CONTINUED FROM PAGE 582

REVIEW **CME CREDIT**
Managing snoring: When to consider surgery **613**

If conservative measures fail, a variety of surgical procedures are designed to keep the airway open during sleep.

D.A. TIEN AND A. KOMINSKY

REVIEW **CME CREDIT**
Diabetes therapy and cancer risk: Where do we stand when treating patients? **620**

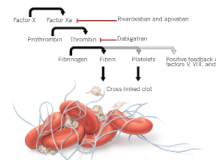

Several classes of diabetes drugs are under scrutiny for potentially promoting cancer in a population already at risk.

G.E.C. SUN, S.R. KASHYAP, AND C. NASR

REVIEW **CME CREDIT**
When patients on target-specific oral anticoagulants need surgery **629**

Until evidence-based guidelines are developed, clinicians will have to apply their knowledge of pharmacology.

M. ANDERSON, K.L. HASSELL, T.C. TRUJILLO, AND B. WOLFE

DEPARTMENTS
CME Calendar **587**

Letters to the Editor **586**

A reader comments on why metformin is contraindicated in chronic kidney disease, which was mentioned by Sakhuja et al (Cleve Clin J Med 2014; 81:289–299).

Directions for taking CME tests online **640**

To receive CME credit, read any or all of the CME-certified articles in this issue (those that carry the CME logo), then go to www.ccm.org to take the test for the article or articles you select. It should take up to 1 hour to complete the activity for each article.

Release date: October 1, 2014

Expiration date: September 30, 2015
