

Online Features

Access

Cleveland Clinic Journal of Medicine content is readily available to all and is free of charge at www.ccjm.org. On your first visit, we will ask you to take a few minutes to register, but subsequent visits will be unencumbered except for an occasional request for your e-mail address when you visit using another device (eg, mobile phone, tablet).

Services

- Navigate quickly to articles in current and past issues via links on the home page and pull-down menus at the top of the page. Use the search function to find a specific article, or browse by topic or article type.
- Continuing medical education activities are accessible from article links and from a CME pull-down menu on the home page. Participation is free.
- Follow links on the home page to news, summaries of recent scientific meetings, and interactive quizzes.
- Click on the PDF symbol at the top of any online article to read, download, or print the article in PDF format.

Social Networking

To post a *CCJM* article to Facebook or Twitter, just click on the icon at the top of any online article.

NOVEMBER 2016

TABLE OF CONTENTS

FROM THE EDITOR

The peacock and the doctor 776

Of the seven deadly sins, the worst is pride—avoid a chauvinistic attitude when caring for international patients.

B.F. MANDELL

THE CLINICAL PICTURE

Bilateral earlobe creases and coronary artery disease 786

Bilateral earlobe creases may be useful to look for in cases of suspected coronary artery disease.

A. SHARMA, C. OBIAGWU, AND E. SIKORSKAYA

THE CLINICAL PICTURE

Plexiform neurofibroma 792

A 19-year-old woman presented with diffuse swelling on her neck and face that had been growing gradually for 12 years.

S.S. BAKSHI

REVIEW

Benefits and challenges of caring for international patients 794

Improving the quality of care and the clinical experience for both providers and patients.

K.A. CAWCUTT AND J.W. WILSON

EDITORIAL

Seeking medical care abroad: A challenge to empathy 801

Empathy for international patients is not merely a matter of kindness, it is central to healing.

N.N. ZEIN

REVIEW

Serotonin syndrome: Preventing, recognizing, and treating it 810

Serotonin syndrome can be easily overlooked, misdiagnosed, or exacerbated. Early recognition is critical.

R.Z. WANG, V. VASHISTHA, S. KAUR, AND N.W. HOUCHEMS

CONTINUED ON PAGE 774

IM BOARD REVIEW.....

Left ventricular thrombosis can still complicate acute myocardial infarction 819

Despite revascularization, the next day the patient had an ejection fraction of 35% and a mass in the left ventricle.

M.U. TARIQ, A.M. TARIQ, C.D. TAN, E.R. RODRIGUEZ, AND V. MENON

CME CREDIT REVIEW.....

Breaking the pain contract: A better controlled-substance agreement for patients on chronic opioid therapy 827

Common limitations of current pain treatment “contracts,” and strategies to improve them.

D.G. TOBIN, K. KEOUGH FORTE, AND S. JOHNSON MCGEE

CME CREDIT REVIEW.....

Influenza: Still more important than Zika virus in 2016–2017 836

Despite all the news reports, influenza still kills or hospitalizes more people than Zika.

S.B. MOSSAD

CME CREDIT REVIEW.....

Update on the management of intestinal failure 841

Bowel resection can lead to inability to maintain nutritional homeostasis, a serious complication.

S. BHARADWAJ, P. TANDON, J.M. RIVAS, A. FURMAN, L. MOCCIA, A. RATLIFF, A. SHATNAWEI, E. STEIGER, AND D.F. KIRBY

DEPARTMENTS.....

Letter to the Editor 778

A reader comments on menopausal hormone therapy (August 2016).

CME Calendar 777

CME Test Directions Inside back cover
