

Online Features

Access

Cleveland Clinic Journal of Medicine content is readily available to all and is free of charge at www.ccjm.org. On your first visit, we will ask you to take a few minutes to register, but subsequent visits will be unencumbered except for an occasional request for your e-mail address when you visit using another device (eg, mobile phone, tablet).

Services

- Navigate quickly to articles in current and past issues via links on the home page and pull-down menus at the top of the page. Use the search function to find a specific article, or browse by topic or article type.
- Continuing medical education activities are accessible from article links and from a CME pull-down menu on the home page. Participation is free.
- Follow links on the home page to news, summaries of recent scientific meetings, and interactive quizzes.
- Click on the PDF symbol at the top of any online article to read, download, or print the article in PDF format.

Social Networking

To post a CCJM article to Facebook or Twitter, just click on the icon at the top of any online article.

TABLE OF CONTENTS

FROM THE EDITOR

The under- and overrecognized, and the elephant in the room 189

We internists must recognize the pine cones without losing our vision of the forest.

Brian F. Mandell, MD, PhD

THE CLINICAL PICTURE

Paroxysmal finger hematoma 194

This benign, self-limiting condition predominantly affects middle-aged women.

Daan J.L. van Twist, MD, PhD; Wim Hermans; Guy J.M. Mostard, MD

THE CLINICAL PICTURE

Constitutional symptoms, pathologic PET-CT 195

PET-CT showed diffuse hypermetabolism of the great vessel walls, compatible with large-vessel giant cell arteritis.

Julia L. Riera, MD; Jorge L. Musuruana, MD; Fernando Faccio, MD; Javier A. Cavallasca, MD

THE CLINICAL PICTURE

Trousseau syndrome 199

Examination revealed multiple bluish macules and 2 palpable thrombosed superficial veins in the right popliteal fossa.

Satish Maharaj, MBBS; Michael Omar, MBBS; Karan Seegobin, MBBS; Simone Chang, MBBS

1-MINUTE CONSULT

Can I use direct oral anticoagulants to treat cancer-associated venous thromboembolism? 201

DOACs are increasingly replacing low-molecular-weight heparins for this purpose.

Oluwadunni Emiloju, MD; Sorab Gupta, MD; Claudia Dourado, MD

REVIEW CME MOC

To scan or not to scan? DXA in postmenopausal women 205

DXA is strongly recommended for women age 65 and older, but not so much for younger postmenopausal women.

Kristi Tough DeSapri, MD, CCD, NCMP; Rachel Brook, MD

CURRENT DRUG THERAPY

CGRP antagonists for decreasing migraine frequency: New options, long overdue 211

CGRP drugs are an exciting frontier, but migraine management is still a combination of lifestyle changes plus treatment.

Julia Bucklan, DO; Zubair Ahmed, MD

EDITORIAL

Preventing migraine: The old and the new 219

Roughly half of patients taking any preventive medication have a 50% reduction in migraine frequency.

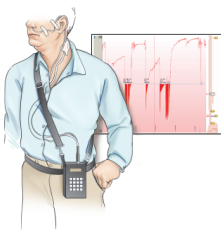

Glen D. Solomon, MD

REVIEW CME MOC

GERD: A practical approach 223

PPIs are the first-line medical therapy. Endoscopic and surgical options are pursued only if medical therapy fails.

Andrew Young, DO; Mythri Anil Kumar, MD; Prashanthi N. Thota, MD, FACP

REVIEW CME MOC

ACC/AHA lipid guidelines: Personalized care to prevent cardiovascular disease 231

Risk assessment, drugs, patient subgroups, value of therapy, personalized plans, and shared decision-making.

Cara Reiter-Brennan; Albert D. Osei, MD, MPH; S.M. Iftekhar Uddin, MBBS, MSPH; Olusola A. Orimoloye, MD, MPH; Olufunmilayo H. Obisesan, MD, MPH; Mohammadhassan Mirbolouk, MD; Michael J. Blaha, MD, MPH; Omar Dzaye, MD, PhD

LETTERS TO THE EDITOR

Infective endocarditis: Don't forget the ICE 191

A recent article did not mention intracardiac echocardiography.

Faris G. Araj, MD; Michael Luna, MD

In reply: Infective endocarditis: Don't forget the ICE 192

Echocardiography relies on finding an anatomic abnormality, whereas ¹⁸F-DG-PET is a functional examination.

Nkemdilim Mgbojikwe, MD; Steven R. Jones, MD; Thorsten M. Leucker, MD, PhD; Daniel J. Brotman, MD

DEPARTMENTS

CME Calendar 190

CME/MOC Instructions Inside back cover

Upcoming Features
