

SUBJECT INDEX

- ALPORS'S SYNDROME. Review of literature; report of six cases, 125
- AMYLOIDOSIS. Primary; and multiple myeloma; renal manifestations, 181
- ANTIBACTERIAL THERAPY. Antimicrobial agents, adverse effects on major organ systems, 59
- I. Some general considerations in regard to strategy, 43
- II. Some considerations of specific treatment of selected bacteremic infections, 51
- ARTHRITIS. Foot problems, management, 111
- Rheumatoid, spontaneous subluxation of first and second cervical vertebrae, treated with spinal fusion; report of two cases, 81
- ASPERGILLOSIS. Allergic bronchopulmonary, roentgenographic features; report of a case, 171
- CARCINOMA. Ductal cell hepatic, calcification unusual feature; report of a case, 93
- Stomach, second primary; report of five cases, 37
- CORYNEBACTERIUM PYOGENES. Pathogen in man; report of a case, 207
- DISINFECTANT. Accidental igniting, in experimental laboratory, 219
- DIVERTICULITIS, COLONIC. With perforation to region of left hip, rare complication; report of a case, 161
- EMBOLISM. Posterior cerebral artery: hemianopsia and median longitudinal fasciculus syndrome; report of a case, 157
- ERRATA, 77
- ESOPHAGOGASTROSCOPY. Fiberoptic, role of biopsy; report of five illustrative cases, 189
- FOOT. Arthritis; management of problems, 111
- GRANULOMA. Faciale, treatment by dermabrasion; report of a case, 215
- HAND. Tarsal-tunnel syndrome, pathogenesis, diagnosis, and treatment, 23
- Hand and wrist, lipomas, diagnosis and treatment, 201
- Intraneural, of the median nerve; report of two cases, 145
- HEMOCHROMATOSIS. Idiopathic, presenting as malabsorption syndrome; report of a case, 151
- HISTOCOMPATIBILITY TESTING. I. In human renal allografts, 13
- HYPERPARATHYROIDISM. Epidemic or endemic? Diagnosis and treatment, 87
- KIDNEYS. Canine, autograft, long-term function, after preservation extracorporeally for twenty-four hours, 139
- LIPOMA. Hand and wrist lipomas, diagnosis and treatment, 23
- Intraneural, of median nerve; report of two cases, 145
- LIVER. Calcification, unusual feature of ductal cell hepatic carcinoma; report of a case, 93
- MALABSORPTION SYNDROME. Idiopathic hemochromatosis, presenting as; report of a case, 151
- MEDICAL CARE. In U. S. A., form and financing, 5
- MULTIPLE MYELOMA. Primary amyloidosis, renal manifestations, 181
- MUSCLE RELAXANT. Pancuronium bromide; preliminary report, fifty patients, 133
- NEURITIS. Hornet-sting, 117
- NEUROPATHY. Optic, comments on pupillary dilatation, 167
- OSSICULUM TERMINALE. Report of a

case of atlantoaxial dislocation with cord compression, 73

STOMACH. Carcinoma, late development of a second primary; report of five cases, 37

POSTGRADUATE COURSES. The Cleveland Clinic Educational Foundation, 80, 123, 179, 227

TARSAL-TUNNEL SYNDROME. Pathogenesis, diagnosis, treatment, 23

PUBLICATIONS, STAFF, 78, 119, 177, 223

RETIREMENT. To a friend, John Beach Hazard, M.D., 1

VERTEBRAE, CERVICAL. First and second, spontaneous subluxation in rheumatoid arthritis, treated with spinal fusion; report of two cases, 81

SICKLE CELL PHENOMENON. Basis for legal exclusion of paternity, 31

VISUAL FIELDS. Testing without special equipment, 107

SPINAL CORD, CERVICAL. Ossiculum terminale; report of a case of atlantoaxial dislocation with cord compression, 73

WRIST. And hand, lipomas, diagnosis and treatment, 23
