SUBJECT INDEX

A

Acquired immunodeficiency syndrome
 Acquired immunodeficiency syndrome: case reporting at a university hospital. Picken A, Plona R, Parker P, Carey JT, Lederman MM. 202
 Rheumatic manifestations of HIV infection (CME digest) Calabrese LH. 484
Adrenergic beta receptor blockers
 Current hypertension management: separating fact from fiction. Moser M. 27
Anesthesia
 The changing profile of anesthetic practice: an update for internists. Higgins TL. 219
Anti-infective agents, quinolone
 Selective bowel decontamination with quinolones and nystatin reduces gram-negative and fungal infections in orthotopic liver transplant recipients. Gorensen MJ, Carey WD, Washington II JA, Vogt DP, Broughan TA, Westveer MK. 139
Anti-inflammatory agents
 Hepatic toxicity of antirheumatic drugs. Brass EP. 466
Antihypertensive agents
 Assessing hypertension management: the role of 24-hour blood pressure monitoring. Esayag-Tendler B, White WB. 278
Arterial disease
 Lower-extremity arterial disease: tips on diagnosis and therapy (grand rounds). Olin JW. 14
Arthritis, rheumatoid
 Monoamine oxidase inhibitors and elective surgery. Ebrahim ZY, O'Hara J Jr, Borden L, Tetzlaff J. 129
Asthma
 Noninfectious respiratory disease in pregnancy. Clinton MJ, Niederman MS. 233
Atrial fibrillation
 The Maze procedure: surgical therapy for refractory atrial fibrillation. McCarthy PM, Castle LW, Trohman RG, Simmons TW, Maloney JD, Klein AL, White RD, Cox JL. 161
Azithromycin
 The role of azithromycin and clarithromycin in clinical practice. Goldman MP, Longworth DL. 359

B

Bacteremia
 Early-onset prosthetic valve endocarditis. Keys TF. 455
Behçet's disease
 Meeting the diagnostic challenge of Behçet's disease (grand rounds). O'Duffy JD. 13
 The diagnostic challenge of Behçet's disease (letter). Patel SR. 352
Blood viscosity
 The role of blood viscosity in the development and progression of coronary artery disease. Becker RC. 353
Blood pressure monitors
 Assessing hypertension management: the role of 24-hour blood pressure monitoring. Esayag-Tendler B, White WB. 278
Bone remodeling
 Chemical and histological features of men with osteoporosis. Licata AA, Bauer TW, Stulberg B. 56
Bone marrow transplantation
 The use of G-CSF and GM-CSF in bone marrow transplantation. Bolwell BJ. 291

C

Cancer, ovarian
 Surgeon's skill key to ovarian cancer management (grand rounds). Markman M. 183
Carcinoma
 Parathyroid carcinoma: 50-year experience at The Cleveland Clinic Foundation. Hakaim AG, Esselstyn CB Jr. 331
 Skin cancer screening: a sensitive screening test (letter). Gardner MR, Tomecki KJ, Dijkstra JWE, Marden JD. 10
Cardiac tamponade
 Hemopericardium and cardiac tamponade associated with warfarin therapy. Lee KS, Marwick T. 336
Cardiac surgery
 Superior vena cava syndrome (letter). Feld AW. 10
Cardiovascular diseases
 The role of multiple risk factors in cardiovascular morbidity and mortality. Gifford RW Jr. 211
Cerebral hemorrhage
 Stereotactically guided thrombolysis of deep cerebral hemorrhage: preliminary results. Miller DW, Barnett GH, Kormos DW, Steiner CP. 321
Cholangiopancreatography, endoscopic retrograde
 Mechanical lithotripsy of large common bile duct stones. Van Dam J, Sivak MV Jr. 38
Cholangitis, sclerosing
 Associated ulcerative colitis, sclerosing cholangitis, and insulin-dependent diabetes mellitus. Kay M, Wyllie R, Michener W, Caulfield M, Steffen R. 473
Cholesterol
 Lipid screening: is measuring cholesterol enough? (editorial) Cooke JP, Singer AH. 115
Clarithromycin
 The role of azithromycin and clarithromycin in clinical practice. Goldman MP, Longworth DL. 359
Colitis, ulcerative
 Associated ulcerative colitis, sclerosing cholangitis, and insulin-dependent diabetes mellitus. Kay M, Wyllie R, Michener W, Caulfield M, Steffen R. 473
Common bile duct calculi
 Mechanical lithotripsy of large common bile duct stones. Van Dam J, Sivak MV Jr. 38
Computer-directed
 Stereotactic and computer-assisted neurosurgery at the Cleveland Clinic: review of 501 consecutive cases. Gomez H, Barnett GH, Estes ML, Palmer J, Magdinec M. 399
Coronary circulation
 Physiologic evaluation of coronary flow: the role of positron emission tomography. Isada L, Marwick TH, MacIntyre WJ. 19
Coronary disease
 Coronary artery disease in women: a risk-factor analysis. Arnold AZ, Underwood DA. 387
 Coronary artery disease in young women: risk factor analysis and long-term follow-up. Arnold AZ, Moodie DS. 393
 Efficacy of beta blockade, thrombolytic therapy, and coronary angioplasty in diabetic patients with coronary artery disease. Simpfordorfer C. 145
 PET in the evaluation of coronary artery disease (editorial). Pijls NH. 86
 Physiologic evaluation of coronary flow: the role of positron emission tomography. Isada L, Marwick TH, MacIntyre WJ. 19
 The Mona Lisa smiles: impact of risk factors for coronary artery disease in women (editorial). Pashkow FJ. 411
 The role of blood viscosity in the development and progression of coronary artery disease. Becker RC. 353
Crack cocaine
 The pulmonary effects of free-base cocaine: a review. Meisels IS, Loke J. 325
Cushing's syndrome
 Cushing's syndrome: easy to see, tricky to diagnose (grand rounds). Sheeler LR. 102

D

Data collection
 Acquired immunodeficiency syndrome: case reporting at a university hospital. Picken A, Plona R, Parker P, Carey JT, Lederman MM. 202
Decontamination
 Selective bowel decontamination with quinolones and nystatin reduces gram-negative and fungal infections in orthotopic liver transplant recipients. Gorensen MJ, Carey WD, Washington II JA, Vogt DP, Broughan TA, Westveer MK. 139
Diabetes mellitus
 Associated ulcerative colitis, sclerosing cholangitis, and insulin-dependent diabetes mellitus. Kay M, Wyllie R, Michener W, Caulfield M, Steffen R. 473
 Efficacy of beta blockade, thrombolytic therapy, and coronary angioplasty in diabetic patients with coronary artery disease. Simpfordorfer C. 145

Diphosphonates

From bathtub ring to osteoporosis: a clinical review of the bisphosphonates. Licata AA. 284

Diuretics

Current hypertension management: separating fact from fiction. Moser M. 27

Dyspareunia

Multidisciplinary treatment of an unconsummated marriage with organic factors in both spouses. Schover LR, Montague DK, Youngs DD. 72

Dyspnea

Noninfectious respiratory disease in pregnancy. Clinton MJ, Niederman MS. 233

E**Echocardiography**

Transesophageal echocardiography: usefulness increasing (grand rounds). Stewart WJ. 346

Emphysema

Multisystem autoimmune dysfunction with early onset of bullous emphysema. Roy TM, Fields CL, Habenstein KR. 65
Self-test. Early onset emphysema. Stoller JK. 415

Endocarditis, bacterial

Early-onset prosthetic valve endocarditis. Keys TF. 455

Epidermal growth factor

Potential molecular therapy for acute renal failure. Humes HD. 166

Epilepsy

Recurrence, remission, and relapse of seizures. So NK. 439

Erythromycin

The role of azithromycin and clarithromycin in clinical practice. Goldman MP, Longworth DL. 359

Esophageal and gastric varices

Management of variceal bleeding in the 1990s. Henderson JM, Carey WD, Vogt DP, Barnes DS, Zelch MG, Blake C. 431

Etidronate disodium

From bathtub ring to osteoporosis: a clinical review of the bisphosphonates. Licata AA. 284

Exercise test

Cardiopulmonary exercise testing in patients with chronic obstructive pulmonary disease. Epstein SK, Celli BR. 119

F**Female**

Coronary artery disease in women: a risk-factor analysis. Arnold AZ, Underwood DA. 387

Coronary artery disease in young women: risk factor analysis and long-term follow-up. Arnold AZ, Moodie DS. 393

Flurbiprofen

Flurbiprofen in the prophylaxis of migraine. Solomon GD, Kunkel RS. 43

G**Gastrointestinal hemorrhage**

Management of variceal bleeding in the 1990s. Henderson JM, Carey WD, Vogt DP, Barnes DS, Zelch MG, Blake C. 431

Granulocyte colony-stimulating factor

The use of G-CSF and GM-CSF in bone marrow transplantation. Bolwell BJ. 291

Growth substances

Potential molecular therapy for acute renal failure. Humes HD. 166

Gypsies

Tales of a Gypsy doc: perspectives on social and medical aspects of care of the American Gypsy population. Thomas JD. 427

H**Heart valve prosthesis**

Early-onset prosthetic valve endocarditis. Keys TF. 455

History of medicine

Dr. George W. Crile: the father of physiologic surgery. Loop FD. 75
In Memoriam. F. Merlin Bumpus, PhD. Graham RM. 417

Hospital mortality

Mortality of patients transferred to a tertiary care hospital. Clough JD, Kay R, Gombeski WR Jr, Nickelson DE, Loop FD. 449

Hyperaldosteronism

Primary aldosteronism: new approaches to diagnosis and management. Bravo EL. 379

Hypercalcemia

From bathtub ring to osteoporosis: a clinical review of the bisphosphonates. Licata AA. 284

Hyperparathyroidism

Conservative vs surgical treatment of hyperparathyroidism: which to choose and when? (CME digest) Agus ZS. 191

Parathyroid carcinoma: 50-year experience at The Cleveland Clinic Foundation. Hakaim AG, Esselstyn CB Jr. 331

Hypertension

Current hypertension management: separating fact from fiction. Moser M. 27

Pheochromocytoma: current diagnosis and management. Manger WM, Gifford RW Jr. 365

The fifth report of the Joint National Committee on Detection, Evaluation, and Treatment of High Blood Pressure: insights and highlights from the chairman. Gifford RW Jr. 273

Treating hypertension: comparing new and old agents. Vidt DG. 26

Hypotension

Hemodialysis-induced hypotension: the search for a cause (CME digest). Fouad FM. 192

I**Image processing**

Stereotactic and computer-assisted neurosurgery at the Cleveland Clinic: review of 501 consecutive cases. Gomez H, Barnett GH, Estes ML, Palmer J, Magdinec M. 399

Immunosorbent techniques

Myasthenia gravis therapy: immunoabsorbent may eliminate need for plasma products. Sawada K, Malchesky PS, Koo AP, Mitsumoto H. 60

Impotence

Endocrine causes of impotence (grand rounds). Faiman C. 428

Informed consent

Futile medical treatment and patient consent. Smith ML. 151

Irritable bowel syndrome

Irritable bowel syndrome: new perspectives on management (grand rounds). Schuster MM. 270

J**Joint prosthesis**

Monoamine oxidase inhibitors and elective surgery. Ebrahim ZY, O'Hara J Jr, Borden L, Tetzlaff J. 129

K**Kidney failure, acute**

Potential molecular therapy for acute renal failure. Humes HD. 166

L**Leukemia**

The elevated peripheral white blood count (internal medicine board review). Bolwell BJ. 267

Life support care

Forgoing life-supporting or death-prolonging therapy: a policy statement. Orłowski JP, Collins RL, Cancian SN. 81

Futile medical treatment and patient consent. Smith ML. 151

Lipoma

Primary mediastinal myelolipoma. Strimlan CV, Khasnabis S. 69

Lithotripsy

Mechanical lithotripsy of large common bile duct stones. Van Dam J, Sivak MV Jr. 38

Liver diseases

Hepatic toxicity of antirheumatic drugs. Brass EP. 466

Liver transplantation

Selective bowel decontamination with quinolones and nystatin reduces gram-negative and fungal infections in orthotopic liver transplant recipients. Gorensek MJ, Carey WD, Washington II JA, Vogt DP, Broughan TA, Westveer MK. 139

Lung diseases, obstructive

Cardiopulmonary exercise testing in patients with chronic obstructive pulmonary disease. Epstein SK, Celli BR. 119

Theophylline in the ambulatory treatment of chronic obstructive lung disease: resolving a controversy. Snider GL. 197

Lung transplantation

Lung transplantation: the Cleveland Clinic experience. Patel SR, Kirby TJ, McCarthy PM, Meeker DP, Stillwell P, Rice TW, Kavuru MS, Mehta AC. 303

Lupus erythematosus, cutaneous

Multisystem autoimmune dysfunction with early onset of bullous emphysema. Roy TM, Fields CL, Habenstein KR. 65

M

- Mediastinal neoplasms**
Primary mediastinal myelolipoma. Strimlan CV, Khasnabis S. 69
- Medical education**
Education of those who serve. Wiedemann HP. 180
- Menopause**
Menopause: managing the associated risks (grand rounds). Thacker HL. 347
- Migraine**
Flurbiprofen in the prophylaxis of migraine. Solomon GD, Kunkel RS. 43
- Monoamine oxidase inhibitors**
Monoamine oxidase inhibitors and elective surgery. Ebrahim ZY, O'Hara J Jr, Borden L, Tetzlaff J. 129
- Multiple sclerosis**
Systemic diseases associated with intermediate uveitis. Boskovich SA, Lowder CY, Meisler DM, Gutman FA. 460

- Stereotactically guided thrombolysis of deep cerebral hemorrhage: preliminary results. Miller DW, Barnett GH, Kormos DW, Steiner CP. 321

Suicide

- Physician-assisted suicide (letter). Sheldon JM. 169
Physician-assisted suicide (reply). Smith ML, Orłowski JP. 170

Syncope

- A strategy for the syncope workup (grand rounds). Fouad FM. 184

Systemic lupus nephritis

Treating SLE nephritis: some guidelines (CME digest). Lewis EJ. 192

T**Theophylline**

Theophylline in the ambulatory treatment of chronic obstructive lung disease: resolving a controversy. Snider GL. 197

Thrombolytic therapy

Breaking the thrombolytic gridlock: insights from the GUSTO trial. Topol EJ. 445

Tomography, emission computed

Physiologic evaluation of coronary flow: the role of positron emission tomography. Isada L, Marwick TH, MacIntyre WJ. 19

Tretinoin

Topical tretinoin no panacea for photodamaged skin (editorial). Leyden JJ. 88

Tretinoin emollient cream 0.01% for the treatment of photoaged skin. Andreano JM, Bergfeld WF, Medendorp SV. 49

U**Ultraviolet rays**

Tretinoin emollient cream 0.01% for the treatment of photoaged skin. Andreano JM, Bergfeld WF, Medendorp SV. 49

Urokinase

Stereotactically guided thrombolysis of deep cerebral hemorrhage: preliminary results. Miller DW, Barnett GH, Kormos DW, Steiner CP. 321

Uveitis, intermediate

Systemic diseases associated with intermediate uveitis. Boskovich SA, Lowder CY, Meisler DM, Gutman FA. 460

W**Warfarin**

Hemopericardium and cardiac tamponade associated with warfarin therapy. Lee KS, Marwick T. 336
