TABLE OF CONTENTS

FROM THE EDITOR

Is CME test useful? 608

Do you have any suggestions? We hope to hear from you.

J.D. CLOUGH

1-MINUTE CONSULT

Brief answers to specific clinical questions

What do you recommend for a patient with a Pap smear indicating atypical cells? 610

The finding of atypical squamous cells of undetermined significance (ASCUS) should prompt a test for human papillomavirus.

A.W. KENNEDY

What tests are necessary to diagnose Alzheimer disease? 615

For most patients with dementia, a clinical diagnosis is adequate.

R.J. LEDERMAN

MEDICAL GRAND ROUNDS

Heparin-induced thrombocytopenia: How to manage it, how to avoid it 621

What to do when heparin paradoxically causes the very problem it is given to prevent.

E. CAIOLA

REVIEWS

Treating acute exacerbations of chronic bronchitis in the face of antibiotic resistance 625

With bacterial resistance on the rise, selecting the right antibiotic is crucial.

S.G. ADAMS AND A. ANZUETO

Vaginitis: Finding the cause prevents treatment failure 634

To diagnose and manage vaginitis, there is no substitute for performing a physical and microscopic examination.

IM BOARD REVIEW

A 42-year-old woman with polyarthritis 647

What is the cause of this patient's symptoms? A self-test on a clinical case.

R.A. HAJJ-ALI AND B.F. MANDELL

REVIEW

Diabetic gastropathy: A practical approach to a vexing problem 659

A stepwise approach can improve symptoms and quality of life while providing adequate nutrition.

B. SHEN AND E.E. SOFFER

REVIEW

Osteoarthritis: No cure, but many options for symptom relief 665

For most patients, management options consist of nonpharmacologic and pharmacologic therapy. Disease-modifying drugs may be on the horizon.

R.H. MCKINNEY AND S.M. LING

REVIEW

Long-term medical complications of heart transplantation: Information for the primary care physician 673

Caring for heart-transplant recipients is a team effort, and primary care physicians play a key role.

M.H. YAMANI AND R.C. STARLING

EDITORIAL

If it ain't broke, what are we trying to fix? Reprocessed devices labeled 'for single use only' 682

A new FDA rule will enrich the manufacturers of medical devices and saddle us with another layer of bureaucracy. All to fix a nonexistent problem.

J.D. CLOUGH, W. MAURER AND D.E. NICKELSON
