INDEX

Addison's disease, desoxy-corticosterone in, with presentation of a typical case.	19	Esophagus, treatment of lesions of: esophagoscopy	52
Adie's syndrome, report of four cases.	203	Fibrillation, auricular, in hyperthyroidism, use of quinidine for	135
Adult, intussusception in.	74	Foreign body in esophagus.	276
Allergic conjunctivitis, an analysis of thirty consecutive cases of.	3	Fragilitas osseum: brittle bones and blue sclera hereditary mesenchyme hypoplasia.	58
American college of physicians.	150	Ganglionectomy, celiac, for Raynaud's disease; further report of case operated upon three years ago	163
Androgens in male in absence of testes.	24	Gastric ulcer, some gastroscopic observations in.	123
Anemia, hypochromic, and angina pectoris, esophageal hiatus hernia associated with.	209	Gastroscopic observations in gastric ulcer.	123
Anesthesia, pentothal sodium, in pneumo-encephalography	174	Heart, myxedema.	29
Aneurysm, innominate artery.	37	hemorrhage, subarachnoid, spontaneous, review of 50 consecutive cases.	147
Angina pectoris, esophageal hiatus hernia associated with hypochromic anemia, and.	209	Hernia, esophageal hiatus, associated with hypochromic anemia and angina pectoris, report of case.	209
Angioneurotic edema, and chronic urticaria, case reports	147	Hormone therapy, ovarian, in functional menometrorrhagia, preliminary report.	197
Arteries, pulmonary, thrombosis of.	284	Hypertension, association of unilateral kidney disease with.	290
Artery, innominate, aneurysm of.	37	Hyperthyroidism, severe, roentgen therapy in conjunction with thyroidectomy in treatment of.	243
Arthritis, septic, of knee with staphylococcus septiemia, treated with sulfapyridine.	35	Hyperthyroidism, use of quinidine for auricular fibrillation in.	135
Aspergillosis, pulmonary, report of a case.	66	Hypoplasia, mesenchyme, hereditary, brittle bones and blue sclera.	58
Auricular fibrillation in hyperthyroidism use of quinidine for.	135	Idiopathic, spontaneous pneumothorax.	178
Bacterial endocarditis, subacute, treated unsuccessfully with sulfapyridine, report of five cases.	83	Infections, urinary tract, management of.	280
Biochemistry, urological practice and.	83	Innominate artery, aneurysm of.	37
Bladder, neurogenic, associated with brain tumors, presentation of case.	138	Intussusception in adult.	74
Bladder tumors, treatment of with comparison of results in pedunculated and infiltrating types, report of 130 cases.	231	Kidney disease, unilateral, association of with hypertension.	290
Blood water, studies on.	191	Lesions of esophagus, treatment of: Esophagoscopy	52
Brain tumors, neurogenic bladder associated with, presentation of case.	138	Lichen nitidus, report of 2 cases with an unusual finding of melanin in giant and epithelioid cells in one case.	214
Brittle bones, and blue sclera, hereditary mesenchyme hypoplasia.	58	Lithiasis, vesical, concomitant with benign enlargement of prostate.	87
Bronchogenic carcinoma, role of roentgen therapy in treatment of.	116	Lung, primary carcinoma of, surgical treatment of	265
Carcinoma, bronchogenic, role of roentgen therapy in treatment of.	116	Meningiomyelitis, subacute, simulating spinal cord tumor	10
Carcinoma of lung, surgical treatment of.	265	Menometrorrhagia, functional, ovarian hormone therapy in, preliminary report.	197
Cardiospasm, diagnosis and treatment of.	103	Mesenchyme hypoplasia, hereditary, brittle bones and blue sclera.	58
Celiac ganglionectomy for Raynaud's disease, further report of case operated upon three years ago	163	Methyl testosterone, peroral use of in testicular deficiency	226
Chemotherapy of pneumonia.	109	Mortality, in prostatic surgery, factors responsible for	140
Colon and rectum, early diagnosis of disease of.	94	Myxedema heart.	29
Conjunctivitis, allergic, an analysis of thirty consecutive cases of.	3	Neurogenic bladder associated with brain tumors, presentation of case.	138
Deficiency, testicular, peroral use of methyl testosterone in.	226	Neurosurgical management of intractable pain.	116
Desoxy-corticosterone acetate in Addison's disease, with presentation of a typical case.	19	Nucleus pulposus, retropulsion of, simulating tumor of cauda equina.	257
Diagnosis and treatment of cardiospasm.	103	Organisms, living, radiations emitted by.	15
Diagnosis, early, of diseases of colon and rectum.	94	Ovarian hormone therapy in functional menometrorrhagia, preliminary report.	197
Diathermy, short wave, clinical application of.	184	Pain, intractable, neurosurgical management of.	116
Diseases of colon and rectum, early diagnosis of.	94	Pancreas, traumatic rupture of, case report.	132
Edema, angioneurotic, and chronic urticaria, case reports	147	Pentothal sodium anesthesia in pneumo-encephalography	174
Endocarditis, subacute bacterial, treated unsuccessfully with sulfapyridine, report of five cases.	83		
Endocrine functions of testes in man, clinical aspects of.	43		
Esophagoscopy; treatment of lesions of esophagus.	52		
Esophagus, foreign body in.	276		

INDEX — Cont.

Pneumo-encephalography, pentothal sodium anesthesia in.....	174	Sulfapyridine, subacute bacterial endocarditis treated unsuccessfully with report of five cases..	83
Pneumonia, chemotherapy of.....	109	Syndrome, Adie's report of four cases.....	203
Pneumonia, treatment of.....	298	Syphilids, late, of nodular and nodulo-ulcerative type	246
Pneumothorax, idiopathic spontaneous.....	178	Testes, androgens in male in absence of.....	24
Polycythemia vera, treatment of.....	166	Testes, in man, clinical aspects of endocrine functions in.....	43
Prostate, benign enlargement of, vesical lithiasis concomitant with.....	87	Testicular deficiency, use of peroral methyl testosterone in.....	226
Prostatic surgery, factors responsible for lower mortality in.....	140	Testosterone, methyl, peroral use of in testicular deficiency	226
Pulmonary aspergillosis, report of a case.....	66	Thrombosis of pulmonary arteries.....	284
Quinidine, use of for auricular fibrillation in hyperthyroidism	135	Thyroidectomy, roentgen therapy in conjunction with in treatment of severe hyperthyroidism....	243
Radiations emitted by living organisms.....	15	Trachea, tumors of.....	261
Raynaud's disease, celiac ganglionectomy for, further report of case operated on three years ago	163	Traumatic rupture of pancreas, case report.....	132
Rectum, and colon, early diagnosis of diseases of..	94	Treatment, and diagnosis, of cardiospasm.....	103
Roentgen therapy in conjunction with thyroidectomy in treatment of severe hyperthyroidism..	243	Treatment, of pneumonia.....	298
Roentgen therapy, role of in treatment of bronchogenic carcinoma.....	116	Tumors, bladder, treatment of with comparison of results in pedunculated and infiltrating types, report of 130 cases.....	231
Rupture, traumatic, of pancreas, case report.....	132	Tumors, brain, neurogenic bladder associated with, presentation of case.....	138
Sclera, blue, brittle bones and, hereditary mesenchyme hypoplasia.....	58	Tumors of trachea.....	261
Septicemia, staphylococcus, with septic arthritis of knee, treated with sulfapyridine.....	35	Tumor, spinal cord, subacute meningomyelitis simulating	10
Short wave diathermy, clinical application of.....	184	Ulcer, gastric, some gastroscopic observations in..	123
Spinal cord tumor, subacute meningomyelitis simulating	10	Urinary tract infections, management of.....	280
Staphylococcus septicemia with septic arthritis of knee treated with sulfapyridine.....	35	Urological practice and biochemistry.....	271
Subarachnoid hemorrhage, spontaneous, review of 50 consecutive cases.....	162	Urticaria, chronic, and angioneurotic edema, case reports	147
Sulfapyridine, staphylococcus septicemia with septic arthritis of knee treated with.....	35	Vesical lithiasis, concomitant with benign enlargement of prostate.....	87
		Water, blood, studies on.....	191

THE FRANK E. BUNTS INSTITUTE

The Frank E. Bunts Institute will not present the regular fall and winter courses this year.
