FROM THE EDITOR

Richard G. Farmer, MD: To Russia, with CME 919

Dr. Farmer, former chairman of The Cleveland Clinic's Division of Medicine, has always been ahead of his time. Now he is working to improve the health of people in the former Soviet Union.

J.D. CLOUGH

REVIEW

Investigation and management of ischemic colitis 920

Ischemia of the colon probably happens more often than we think, as the signs may be subtle and highly variable.

J. BAIXAULI, R.P. KIRAN, AND C.P. DELANEY

REVIEW

The Russian health care system today: Can American-Russian CME programs help? 937

The health of the Russian people has deteriorated dramatically since the fall of communism. Can an American-Russian collaboration in continuing medical education improve the health of Russian citizens?

R.G. FARMER, A.Y. SIROTKIN, L.E ZIGANSHINA, AND H.M. GREENBERG

REVIEW

Alcohol and health: A drink a day won't keep the doctor away 945

Do not advise patients to start drinking alcohol for its alleged cardiovascular benefits.

C.S. LIEBER

MEDICAL GRAND ROUNDS

Scleroderma: A treatable disease 954

Scleroderma can be effectively treated in many cases now, thanks to a better understanding of its pathogenesis and new therapies.

J.H. KORN

REVIEW

When patients on warfarin need surgery 973

How to manage anticoagulation in the perioperative period is controversial; we offer our approach.
A.K. JAFFER, D.J. BROTMAN, AND N. CHUKWUMERIJE

REVIEW

Talking to patients about St. John's wort 985

St. John's wort, an unregulated herbal supplement widely used as a self-treatment for depression, can cause side effects and drug interactions.
R. DESHMUKH AND K. FRANCO

PATIENT INFORMATION **Straight talk about St. John's wort** 990

INTERPRETING KEY TRIALS

The Heart Protection Study: High-risk patients benefit from statins, regardless of LDL-C level 991

Nearly all patients at high risk of a coronary event should be taking a statin drug, regardless of their low-density lipoprotein level. We explain the rationale, design, findings, and implications of this important study.
H.S. GURM AND B. HOOGWERF
