

# TABLE OF CONTENTS

**FROM THE EDITOR**.....

**The oracle of cough** **537**

About 18 months ago my wife began coughing. After a month or so, I naively wondered about the possibility of pertussis.

B. F. MANDELL

**THE CLINICAL PICTURE**.....

**A 35-year-old man with recurrent hoarseness** **549**

He has undergone laser photoresection of a tracheal mass three times in the past 2 years. What is the diagnosis?

G. M. DALAL AND A. C. MEHTA

**REVIEW**.....

**Primary percutaneous coronary intervention for acute MI: Improving access and outcomes** **559**

Patients have a better chance of surviving an acute ST-segment elevation myocardial infarction if they undergo percutaneous coronary intervention (PCI) rather than fibrinolytic therapy. Studies have addressed ways to improve PCI and to make it more accessible.

J. KARHA, M. A. HOOK, AND S. J. BRENER

**IMAGING IN PRACTICE**.....

**New series: Imaging in practice** **578**

Each article begins with an actual case and focuses on how imaging should be used to establish or exclude a particular diagnosis, with emphasis on the care of the patient.

B. R. HERTS AND D. M. EINSTEIN

**IMAGING IN PRACTICE**.....

**Imaging in acute brain infarction** **579**

A 77-year-old woman is brought by ambulance to the emergency department with suspected acute stroke. Which imaging test is recommended, and why?

B. BORG, B. R. HERTS, AND T. J. MASARYK

**REVIEW**.....

**Gait disorders: Search for multiple causes** **586**

Gait disorders in elderly patients often lead to falls, disability, and functional decline. More often than not, they represent more than one coexisting condition.

N. B. ALEXANDER AND A. GOLDBERG

REVIEW.....

**Pertussis: Old foe, persistent problem** 601

Vaccination for pertussis may soon be done in teens and adults to prevent infection of vulnerable infants.

C. SABELLA

REVIEW.....

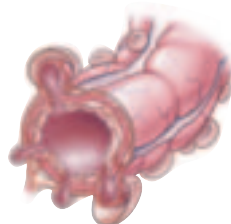

**Physician's guide to the new 2005 dietary guidelines: How best to counsel patients** 609

Health care providers can become agents of change and give patients practical suggestions for taking in fewer calories, being more physically active, and making wiser food choices.

G.L. BLACKBURN AND B.A. WALTMAN

 **PATIENT INFORMATION** **Nutrition: Know the facts** 619

REVIEW.....

**Recognizing and managing acute diverticulitis for the internist** 620

Acute diverticulitis can present in a number of ways and is often confused with colonic spasm or irritable bowel syndrome. Missing the diagnosis can have serious consequences.

J.S. WU AND M.E. BAKER

PATIENT-ORIENTED INFORMATION THAT MATTERS (POEMs).....

■ **Aspirin prevents stroke, not myocardial infarction, in women** 552

■ **Chronic atrial fibrillation develops in 25% 5 years after paroxysmal atrial fibrillation** 553

■ **Diuretics first choice in hypertensive blacks and nonblacks** 628

■ **Intermittent therapy is as good as continuous therapy for mild persistent asthma** 629

DEPARTMENTS.....

**Letter to the Editor** 544

Overactive bladder.

**CME Calendar** 541

**Instructions for Authors** 554

**CME Self-test Online** 631

■ The *Cleveland Clinic Journal of Medicine* is peer-reviewed and indexed in *Index Medicus*.

# UPCOMING FEATURES

- Demystifying triglycerides: A practical approach
- Emerging care for type 2 diabetes
- Should we screen for abdominal aortic aneurysms?
- Statins: The case for higher, tailored starting doses
- Update on Wegener granulomatosis
- Getting your patients to exercise
- Hepatitis C affects more than just the liver
- Short-bowel syndrome: Making the most of what is left
