

TABLE OF CONTENTS

FROM THE EDITOR

Low-tech tools, high-pressure stakes **625**

Despite the many ways to introduce inaccuracies in low-tech cuff measurements of blood pressure, the benefits of treating high blood pressure diagnosed this way can be great.

B.F. MANDELL

CME CREDIT **THE CLINICAL PICTURE**

A 19-year-old man with progressive lung infiltrates **635**

After undergoing induction chemotherapy for acute myeloid leukemia, he developed fever, lung infiltrates, and severe neutropenia. What is the most likely cause?

A.R. TONELLI AND E.L. OLSON

THE CLINICAL PICTURE

Pleural effusion from a candy wrapper **639**

A 60-year-old man presents with worsening shortness of breath and productive cough. Flexible bronchoscopy reveals the surprising cause.

S.A. ANTOUN AND E. WEHBE

CME CREDIT **REVIEW**

Current therapies to shorten postoperative ileus **641**

Rather than merely wait for bowel sounds to return after patients undergo surgery, we can try to get the gut working again sooner.

M.D. JOHNSON AND R.M. WALSH

CME CREDIT **REVIEW**

Managing diabetes in hemodialysis patients: Observations and recommendations **649**

Both uremia and dialysis can complicate glycemic control by affecting the secretion, clearance, and peripheral tissue activity of insulin.

K. SHRISHRIMAL, P. HART, AND F. MICHOTA

MEDICAL GRAND ROUNDS

**Beyond office sphygmomanometry:
Ways to better assess blood pressure** 657

Several new devices provide more information than does traditional sphygmomanometry about the patient's true hypertensive status, blood pressure control, and risk of end-organ damage.

M. RAFEY

CME CREDIT REVIEW

**Dual antiplatelet therapy
in coronary artery disease:
A case-based approach** 663

Many patients need the combination of aspirin and clopidogrel (Plavix) or prasugrel (Effient) to reduce their risk of cardiovascular events, as shown in recent trials.

C. RAYMOND AND V. MENON

DEPARTMENTS

Letters to the Editor 629

Readers comment on how vitamin D deficiency may affect oral health in menopause (August 2009), and on whether drugs for prostate cancer prevention are equivalent (August 2009).

CME calendar 634

Statement of ownership 670

About our CME self-test online 671

To receive CME credit, read the selected articles in this issue and then go online to take the test. It should take about 1 hour and 30 minutes to complete this activity. Release date: November 1, 2009. Expiration date: October 31, 2010
