Table of Contents

FROM THE EDITOR

The *Journal* at 80 years: 'Same as it ever was'—sort of 8

In the 1980s, the musical group Talking Heads sang, "You may ask yourself, How did I get here?"—an appropriate question as we begin our 80th year.

B.F. MANDELL

CME CREDIT REVIEW

Managing bloodstream infections in patients who have short-term central venous catheters 10

Should a potentially infected catheter be removed? Which empiric antibiotic therapy should be started? And how should therapy be tailored to the specific pathogen?

N.P. O'GRADY AND D.S. CHERTOW

COMMENTARY

Series introduction: To better manage cancer symptoms 24

To keep our readers up to date on progress in palliative medicine, we are presenting a series of articles on the topic.

T. GILLIGAN

CME CREDIT CANCER DIAGNOSIS AND MANAGEMENT

Symptom management: An important part of cancer care 25

In addition to diagnosing and managing the cancer itself, the physician's duty is also to recognize and effectively manage the many associated symptoms.

L.K. SHOEMAKER, B. ESTFAN, R. INDURU, AND T.D. WALSH

1-MINUTE CONSULT

Do patients with prosthetic joints require dental antimicrobial prophylaxis? 36

The authors contend that the available evidence does not support routine prophylaxis before dental procedures.

E.O. GOMEZ, D.R. OSMON, AND E.F. BERBARI

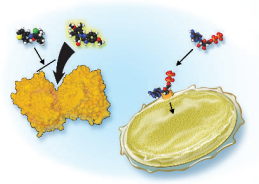
CME CREDIT REVIEW



Proton pump inhibitor side effects and drug interactions: Much ado about nothing? 39

In general, the safety of this class of drugs has been excellent. However, epidemiologic studies have indicated risks that are biologically plausible.

R.D. MADANICK

CME CREDIT REVIEW

Premenopausal osteoporosis, an overlooked consequence of anorexia nervosa 50

Particularly at risk are female athletes. The etiology is complex; the key treatment is to restore body weight.

K. TENG

IM BOARD REVIEW

A 31-year-old man with abdominal pain and a rectal nodule 59

He has had pain and diarrhea for 4 days. What is the likely cause?

J. CHU AND J.H. ISAACSON
