Program and Abstracts of the 6th Annual

Perioperative Medicine Summit 2011

Electronic Supplement 1 to Volume 78, March 2011

SUMMIT DIRECTOR
Amir K. Jaffer, MD, FHM

SUMMIT CO-DIRECTORS
Franklin A. Michota, Jr., MD, FACP, FHM
Darin J. Correll, MD

Summit Faculty **eS1**

Summit Program **eS4**

Abstracts **eS8**

Best Research Abstracts: Oral Presentations

1 Application of 2007 ACC/AHA Guidelines on Perioperative Cardiovascular Evaluation and Care for Noncardiac Surgery Using Decision Support Tools eS8

2 Prevalence of Obstructive Sleep Apnea in Patients Presenting for Hip or Knee Replacement Surgery eS10

3 A Protocol to Triage Preoperative Assessments to Either Nurses or Nurse Practitioners/Physician Assistants eS11

Research in Perioperative Care

4 Application of 2007 ACC/AHA Guidelines on Perioperative Cardiovascular Evaluation and Care for Noncardiac Surgery Using Decision Support Tools eS12

5 Most Anesthesiologists Don't Correctly Apply 2007 ACC/AHA Guidelines on Perioperative Cardiac Evaluation eS14

6 Anesthesiology Residents Do Not Agree With Their Training Programs on the Degree to Which the 2007 ACC/AHA Guidelines Are Emphasized eS16

7 Prevalence of Obstructive Sleep Apnea in Patients Presenting for Hip or Knee Replacement Surgery eS18

8 A Protocol to Triage Preoperative Assessments to Either Nurses or Nurse Practitioners/Physician Assistants eS19

9 Do ACEIs on the Morning of Surgery Increase Risk of Intraoperative Hypotension? eS20

10 One-Year Incidence of Postoperative Troponin Elevations in Patients eS22

Undergoing Major Orthopedic Surgery

11 A Review of Preoperative Clinic Cardiology Referrals for Adults Undergoing Intermediate- and Low-Risk Surgery eS23

12 Patterns of Preoperative Consultation by Risk and Surgical Specialty in a Large Health Care System eS24

13 One-Year Incidence for Admission to a Critical Care Unit After Major Orthopedic Surgery eS26

14 Determination of the Causes of Long Patient Wait Times in a Preoperative Evaluation Clinic eS27

15 Does Perioperative Statin Treatment Affect Hospital and ICU Length of Stay Following Cardiac Surgery: A Systematic Review eS28

16 Assessment of Patient Satisfaction of Nurse Screening vs Complete Preoperative Assessment eS30

17 Traumatic Subdural Hematoma: An Update on Morbidity eS31

Innovations in Perioperative Medicine

18 Lipid Emulsion as a Lifesaving Treatment for Local Anesthetic Systemic Toxicity (LAST) eS32

19 Perioperative ACLS Recommendations Should Be Modified for the Treatment of Local Anesthetic Toxicity eS33

20 Preoperative EMR Containing Smart-Set Reminders Improve Accuracy of Documentation by Nonanesthesia Clinicians During Preoperative Assessments eS35

21 POET: Procedure Outcomes Evaluation Tool eS36

22 Results of a Multidisciplinary Preoperative Assessment Process for High-Risk Orthopedic Patients eS37

23 Practical Algorithm for Preoperative Evaluation of Patients With Liver Disease eS38

24 Evaluation and Management of Isolated Elevated aPTT eS39

25 A Perioperative Triage Plan for Obstructive Sleep Apnea Patients eS41

26 Quantitative Evaluation of Handoff Checklists eS42

Perioperative Clinical Vignettes

27 To Deflate or Not to Deflate: Lap-Band® Management in Subsequent Surgeries eS43

28 Takotsubo Cardiomyopathy and Resultant Cardiogenic Shock After Mitral Valve Repair eS44

29 Intravenous Vitamin K: Rapid Reversal of Warfarin and Lack of Subsequent Warfarin Resistance eS45

30 Cervical Spine Surgery: When Not to Extubate Postoperatively eS46

31 Total Occlusion of Oral Cavity by Mandibular Sarcoma for Resection: To Intubate Nasally or Proceed to an Awake Tracheostomy? eS47

32 Perioperative Fatal Embolic Stroke Associated With Iron Deficiency Anemia and Thrombocytosis eS48

33 Conservative Approach Saves the Day Anesthesia-Wise and Surgical-Wise eS50

34 Predictors of Acute Kidney Injury in Patients Undergoing Total Knee Replacement Surgery eS51

35 Perioperative Medical Management of the Marfan Patient Undergoing Repeat Cardiothoracic Surgery eS52

Index of Abstract Authors eS54
