Table of Contents

FROM THE EDITOR

Kidneys have a lot of nerve 451

Renal denervation shows promise. But hypertension is a heterogeneous condition, and the patient's underlying pathophysiology may dictate the response to this physiologically based therapy.

B.F. MANDELL

CME CREDIT REVIEW

POLST: An improvement over traditional advance directives 457

Physician Orders for Life-Sustaining Treatment (POLST) is a process that translates a patient's goals for care at the end of life into medical orders.

P.A. BOMBA, M. KEMP, AND J.S. BLACK

THE CLINICAL PICTURE

A farmer with chest pain and lung nodules 465

The patient, age 50, was treated 25 years ago for brucellosis. But he is also a 30-pack-year smoker. What does he have?

F.J. ÁGUILA, J.A. VARGAS-HITOS, D.E. FERNÁNDEZ, AND J.J. ALONSO

THE CLINICAL PICTURE

Patchy hair loss on the scalp 472

A 12-year-old girl has a large, irregular area of hair loss. What is going on?

M.F. HELM, J. HOUSEL, AND I. ROTHMAN

CME CREDIT REVIEW

Dengue: A reemerging concern for travelers 474

Dengue, a neglected tropical disease that is reemerging around the world, became a nationally notifiable disease in the United States in 2009.

N.A. HYNES

EDITORIAL

Challenges in the management of aortic stenosis 483

Unfortunately, physicians who manage aortic stenosis do not encounter straightforward classic cases very often.

A. KRISHNASWAMY AND B.P GRIFFIN

CME CREDIT REVIEW

Aortic stenosis: Who should undergo surgery, transcatheter valve replacement? 487

For some patients with aortic stenosis, the choice of management is simple; for others it is less so.

F. SAWAYA, J. STEWART, AND V. BABALIAROS

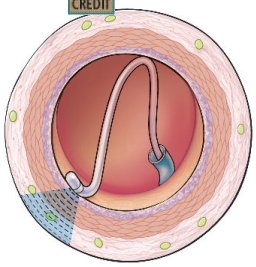
EDITORIAL

The promise of renal denervation 498

Only with further carefully conducted randomized trials of renal denervation will its full promise be realized.

D.K. BHATT AND G.L. BAKRIS

CME CREDIT REVIEW



Renal denervation to treat resistant hypertension: Guarded optimism 501

Can a percutaneous catheter-based procedure cure resistant hypertension? The limited data available so far look good.

G. THOMAS, M.H. SHISHEHBOR, E.L. BRAVO, AND J.V. NALLY JR.
