AUGUST 2012

Table of Contents

FROM THE EDITOR

Regularizing the approach to the irregularly irregular 522

We have more choices, more data, and more management algorithms, but still no panacea for atrial fibrillation.

B.F. MANDELL

COMMENTARY

An argument for reviving the disappearing skill of cardiac auscultation 536

Three case scenarios show how the clinical examination can complement echocardiography in the evaluation of valvular heart disease.

D. CLARK III, M.I. AHMED, L.J. DELL'ITALIA, P. FAN, AND D.C. McGIFFIN

EDITORIAL

The stethoscope as metaphor 545

The humanities—and bedside skills—ought to be a fundamental part of medical education. The alternative is a future full of technicians with tricorders, but sorely lacking in healers.

S. MANGIONE

CME CREDIT REVIEW

Distinguishing cellulitis from its mimics 547

Common imitators are stasis dermatitis, lipodermatosclerosis, contact dermatitis, lymphedema, eosinophilic cellulitis, and papular urticaria.

E.C. KELLER, K.J. TOMECKI, AND M.C. ALRAIES

CME CREDIT MEDICAL GRAND ROUNDS

Atrial fibrillation: New drugs, devices, and procedures 553

An update on controversies in treating atrial fibrillation: new oral anticoagulants vs warfarin, rate control vs rhythm control, the safety of dronedarone, and the efficacy of ablation.

B.D. LINDSAY

PERSONALIZING PATIENT CARE

Genetic counselors: Your partners in clinical practice 560

As our understanding of the human genome has grown, so too has the need for health care providers to help patients and families understand the implications of these discoveries.

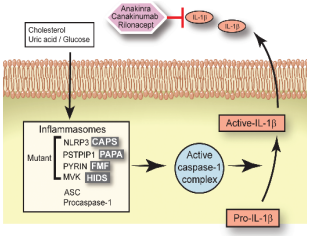
J.L. MESTER, A.H. SCHREIBER, AND R.T. MORAN

REVIEW

Autoinflammatory syndromes: Fever is not always a sign of infection 569

Our growing understanding of genetics and the immune system has unearthed a number of syndromes characterized by recurrent fevers that mimic malignancy or infection.

A.S. ZEFT AND S.J. SPALDING



DEPARTMENTS

CME Calendar 529

Letters to the Editor 534

Readers comment on synthetic legal intoxicating drugs (April 2012) and on the geriatric patient-centered medical home (May 2012).

Directions for taking CME tests online 582

To receive CME credit, read any or all of the CME-certified articles in this issue (those that carry the CME logo), then go to www.ccjm.org to take the test for the article or articles you select. It should take up to 1 hour to complete the activity for each article.
Release date: August 1, 2012
Expiration date: July 31, 2013
