JANUARY 2013

Table of Contents

FROM THE EDITOR

A guideline is like a prescription 5

We should not worship the idol of guidelines alone, but neither should we ignore them and make decisions based only on anecdote and experience.

B.F. MANDELL

THE CLINICAL PICTURE

A 47-year-old man with chest and neck pain 6

While boarding a bus, a 50-pack-year smoker with chronic obstructive pulmonary disease heard popping sounds, which were followed by chest and neck pain. What do his radiographs show?

M.C. ALRAIES, U.A. KHAN, K. SHAHEEN, AND A.H. ALRAIYES

THE CLINICAL PICTURE

Right upper-abdominal pain in a 97-year-old 15

Physical findings and laboratory studies are normal. What is the cause of this patient's pain?

C-T CHAO

1-MINUTE CONSULT

When do Raynaud symptoms merit a workup for autoimmune rheumatic disease? 22

Clues to systemic disease include prolonged and painful attacks that can cause ulceration or gangrene. Other clues are older age at onset, male sex, and asymmetric involvement.

S. CHATTERJEE

COMMENTARY CME CREDIT

The 2012 ACR guidelines for osteoarthritis: Not a cookbook 26

Treatment approaches differ depending on the patient's clinical presentation and on the preferences of the patient and the physician. Often, more than one approach is possible.

R.W. MOSKOWITZ

CONTINUED ON PAGE 4

CONTINUED FROM PAGE 3

CME CREDIT MEDICAL GRAND ROUNDS

Advanced heart failure: Transplantation, LVADs, and beyond 33

Patients with advanced heart failure far outnumber hearts available for transplantation. Mechanical devices are filling the gap.

R.C. STARLING

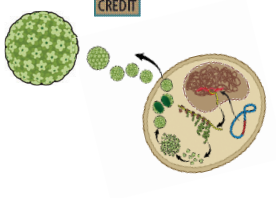
CME CREDIT REVIEW

A short story of the short QT syndrome 41

Short QT syndrome is a recently recognized cause of cardiac rhythm disorders, including sudden cardiac death. Though rare, it is worth thinking about.

H. AL MALULI AND A.B. MESHKOV

CME CREDIT REVIEW



Human papillomavirus vaccine: Safe, effective, underused 49

Because HPV is sexually transmitted, HPV vaccination has met with public controversy. A review of the data and the challenges.

X.W. JIN, L. LIPOLD, A. SIKON, AND E. ROME

DEPARTMENTS

CME Calendar 17

Correction 40

A sentence was omitted from the abstract of McGill JJ, Shoskes DA, Sabanegh ES Jr. Androgen deficiency in older men: indications, advantages, and pitfalls of testosterone replacement therapy. Cleve Clin J Med 2012; 79:797–806.

Directions for taking CME tests online 63

To receive CME credit, read any or all of the CME-certified articles in this issue (those that carry the CME logo), then go to www.ccjm.org to take the test for the article or articles you select. It should take up to 1 hour to complete the activity for each article.
Release date: January 1, 2013
Expiration date: December 31, 2013
