

TABLE OF CONTENTS

FROM THE EDITOR

Introducing two new deputy editors 137

Women's health expert Pelin Batur, MD and hospitalist James Pile, MD join the *Journal* staff, replacing Tim Gilligan, MD.

B. F. MANDELL

THE CLINICAL PICTURE.....

Giant inverted T waves 138

A 48-year-old man has large, inverted T waves in the lateral and midprecordial leads. What is the cause?

S. MADHWAL, V. NAGARAJAN, AND D.A. UNDERWOOD

THE CLINICAL PICTURE.....

Sore throat, odynophagia, hoarseness, and a muffled, high-pitched voice 144

When this patient presents to the emergency department, what does his radiograph show?

C. J. LI AND P. ARONOWITZ

CME REVIEW

Cervical cancer screening: What's new and what's coming? 153

In their 2012 guidelines, several organizations call for less-frequent but more-effective screening that incorporates testing for human papillomavirus.

X.W. JIN, L. LIPOLD, M. MCKENZIE, AND A. SIKON

CME PERSONALIZING PATIENT CARE.....

A 67-year-old man with an abdominal aortic aneurysm 161

Who should be screened, what is the benefit, and how should patients found to have an aneurysm be treated?

A. LABOON AND T.M. MASTRACCI

CME CREDIT REVIEW 168

**Frailty in older adults:
Implications for end-of-life care**

By recognizing and measuring frailty, clinicians can better engage patients and their loved ones in difficult discussions about prognoses and plans, and can ultimately give better palliative care.

K. KOLLER AND K. ROCKWOOD

CME CREDIT REVIEW 175

**Septic shock:
The initial moments and beyond**

Evidence-based protocols have improved the outcomes of septic shock. The authors review the evidence.

S.W. LAM, S.R. BAUER, AND J.A. GUZMAN

DEPARTMENTS 150

Reviewers 2012 150

CME Calendar 152

Letters to the Editor 185

Readers comment on emergency contraception (November 2012), adrenal masses (December 2012), and the use of statins for primary prevention in women (December 2012).

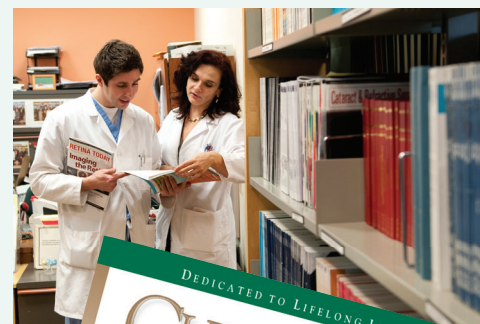

Directions for taking CME tests online 191

To receive CME credit, read any or all of the CME-certified articles in this issue (those that carry the CME logo), then go to www.cjcm.org to take the test for the article or articles you select. It should take up to 1 hour to complete the activity for each article.

Release date: March 1, 2013
Expiration date: February 28, 2014

UPCOMING FEATURES
