Table of Contents

FROM THE EDITOR
Introducing two new deputy editors 137
Women’s health expert Pelin Batur, MD and hospitalist James Pile, MD join the Journal staff, replacing Tim Gilligan, MD.

B.F. Mandell

THE CLINICAL PICTURE
Giant inverted T waves 138
A 48-year-old man has large, inverted T waves in the lateral and midprecordial leads. What is the cause?

S. Madhwal, V. Nagarajan, and D.A. Underwood

THE CLINICAL PICTURE
Sore throat, odynophagia, hoarseness, and a muffled, high-pitched voice 144
When this patient presents to the emergency department, what does his radiograph show?

C.J. Li and P. Aronowitz

REVIEW
Cervical cancer screening: What’s new and what’s coming? 153
In their 2012 guidelines, several organizations call for less-frequent but more-effective screening that incorporates testing for human papillomavirus.

X.W. Jin, L. Lipold, M. McKenzie, and A. Sikin

PERSONALIZING PATIENT CARE
A 67-year-old man with an abdominal aortic aneurysm 161
Who should be screened, what is the benefit, and how should patients found to have an aneurysm be treated?

A. LaBoon and T.M. Mastrocci

Frailty in older adults: 168
Implications for end-of-life care
By recognizing and measuring frailty, clinicians can better engage patients and their loved ones in difficult discussions about prognoses and plans, and can ultimately give better palliative care.

K. KOLLER and K. ROCKWOOD

Septic shock: 175
The initial moments and beyond
Evidence-based protocols have improved the outcomes of septic shock. The authors review the evidence.

S.W. LAM, S.R. BAUER, AND J.A. GUZMAN

Reviewers 2012 150
CME Calendar 152
Letters to the Editor 185
Directions for taking CME tests online 191
To receive CME credit, read any or all of the CME-certified articles in this issue (those that carry the CME logo), then go to www.ccjm.org to take the test for the article or articles you select. It should take up to 1 hour to complete the activity for each article.
Release date: March 1, 2013
Expiration date: February 28, 2014

UPCOMING FEATURES
