

TABLE OF CONTENTS

FROM THE EDITOR

**Return of the 'pisse-mongers,'
this time with data** **9**

Urinalysis may be the oldest surviving laboratory test. Both Hippocrates and Galen recognized its value.

B.F. MANDELL

COMMENTARY

**New cholesterol guidelines:
Worth the wait?** **11**

An appraisal of the controversial new guidelines, with case scenarios illustrating their advantages and shortcomings.

C. RAYMOND, L. CHO, M. ROCCO, AND S.L. HAZEN

THE CLINICAL PICTURE

Deep T waves and chest pain **21**

After 3 hours of chest pain, a 67-year-old man presented with deep symmetric T-wave inversions in the precordial leads, a prognostically significant finding.

M. CHADI ALRAIES, W. ALJAROUDI, U.A. KHAN, AND A.H. ALRAIYES

1-MINUTE CONSULT

**Do all hospitalized patients
need stress ulcer prophylaxis?** **23**

No. Only critically ill patients who meet specific criteria should receive it.

N. EISA, F. BAZERBACHI, A.H. ALRAIYES, AND M. CHADI ALRAIES

IM BOARD REVIEW

An 85-year-old with muscle pain **27**

When preventive therapy causes side effects, physicians face a dilemma.

D. SNIPELISKY AND F. STANCAMPIANO

CME CREDIT PERSONALIZING PATIENT CARE.....

How to spot heritable breast cancer: A primary care physician's guide 31

Many patients may benefit from referral to a cancer genetics program for assessment, counseling, and consideration of testing.

M. SMITH, J. MESTER, AND C. ENG

CME CREDIT REVIEW

Albuminuria: When urine predicts kidney and cardiovascular disease 41

Not only a precursor to diabetic nephropathy, albuminuria has been linked to adverse cardiovascular outcomes and death.

R. STEPHEN, S.E. JOLLY, J.V. NALLY Jr., AND S.D. NAVANEETHAN

CME CREDIT REVIEW

Obesity in the elderly: More complicated than you think 51

Treatment of obesity in older adults is controversial because of inadequate guidelines and the obesity paradox, the apparently protective effect of obesity with age.

D.C. CETIN AND G. NASR

DEPARTMENTS

CME Calendar 8

Directions for taking CME tests online 63

To receive CME credit, read any or all of the CME-certified articles in this issue (those that carry the CME logo); then go to www.ccm.org to take the test for the article or articles you select. It should take up to 1 hour to complete the activity for each article.

Release date: January 1, 2014
Expiration date: December 31, 2014
