TABLE OF CONTENTS

FROM THE EDITOR .......................................................... 136
New practice guidelines: Constrained or enhanced by the evidence?
The new guidelines on cholesterol and hypertension are more evidence-based, but will they help improve outcomes?
B.F. MANDELL

1-MINUTE CONSULT ....................................................... 146
Is hemoglobin A1c an accurate measure of glycemic control in all diabetic patients?
Regard its values with suspicion, especially when they do not agree with the patient’s blood glucose levels.
F. BAZERBACHI, S. NAZARIAN, A.H. ALRAIYES, AND M.C. ALRAIES

CURRENT DRUG THERAPY .............................................. 159
Hepatitis C virus: Here comes all-oral treatment
Direct-acting antiviral drugs open the door for an all-oral regimen, potentially eliminating the need for interferon and thus avoiding its harsh side effects.
M. DUGUM AND R. O’SHEA

EDITORIAL ........................................................................ 173
When are effective medications just too expensive?
Physicians may have been taught that it isn’t their job to think about costs—but they should.
S.J. MEHTA AND D.A. ASCH

REVIEW

New hypertension guidelines: One size fits most?
The new report is more evidence-based and focused, outlining a strategy that is simpler and, in some instances, less aggressive.

G. THOMAS, M. SHISHEHBOR, D. BRILL, AND J.V. NALLY Jr

REVIEW

Prevention and treatment of influenza in the primary care office
Fewer than half of eligible US residents get vaccinated. Here is a review of the barriers and the new options.

D.M. GOLOVYAN AND S.B. MOSSAD

DEPARTMENTS

Letters to the Editor
Readers comment on problems with the definition of myocardial infarction (December 2013) and on the diagnosis of myasthenia gravis (November 2013).

CME Calendar

Directions for taking CME tests online
To receive CME credit, read any or all of the CME-certified articles in this issue (those that carry the CME logo), then go to www.ccjm.org to take the test for the article or articles you select. It should take up to 1 hour to complete the activity for each article.
Release date: March 1, 2014
Expiration date: February 28, 2015
