

TABLE OF CONTENTS

FROM THE EDITOR

Appreciating the appetite for reflective practice 208

Twenty-five years later, I still think about eating disorders when I evaluate young women who have severe fibromyalgia.

B.F. MANDELL

MEDICAL GRAND ROUNDS

Acute and critical limb ischemia: When time is limb 209

Just as in acute myocardial infarction, where “time is muscle,” in many cases of vascular disease in the leg, “time is limb.”

M.H. SHISHEHBOR

THE CLINICAL PICTURE

An intravenous drug user with persistent dyspnea and lung infiltrates 223

He was treated empirically with antibiotics, which did not help. Now he is back in the emergency department.

F. MBUVAH, V.A. VENUR, AND G. KISTANGARI

INTERPRETING KEY TRIALS

The METEOR trial: No rush to repair a torn meniscus 226

Many patients who have osteoarthritis of the knee and a torn meniscus can defer surgery and undergo physical therapy instead.

Y.G. HWANG AND C.K. KWOH

MEDICAL GRAND ROUNDS **CME CREDIT**

Managing acute coronary syndromes: Decades of progress **233**

In managing acute coronary syndromes, physicians can draw on a large body of evidence from clinical trials.

A.M. LINCOFF

REVIEW **CME CREDIT**

Don't forget non-Alzheimer dementias **243**

An accurate diagnosis is important, as the causes of dementia can differ in their course and treatment.

R.M. FACTORA AND B. TOUSI

REVIEW **CME CREDIT**

Recognizing, managing medical consequences of eating disorders in primary care **255**

Intentional malnutrition and purging can lead to a wide range of medical problems. And refeeding has pitfalls.

L.P. DICKSTEIN, K.N. FRANCO, E.S. ROME, AND M. AURON

DEPARTMENTS

CME Calendar **217**

Directions for taking CME tests online **264**

To receive CME credit, read any or all of the CME-certified articles in this issue (those that carry the CME logo), then go to www.ccjm.org to take the test for the article or articles you select. It should take up to 1 hour to complete the activity for each article.

Release date: April 1, 2014
 Expiration date: March 31, 2015
