Online Features

Access

Cleveland Clinic Journal of Medicine content is readily available to all and is free of charge at www.ccjm.org. On your first visit, we will ask you to take a few minutes to register, but subsequent visits will be unencumbered except for an occasional request for your e-mail address when you visit using another device (eg, mobile phone, tablet).

Services

- Navigate quickly to articles in current and past issues via links on the home page and pull-down menus at the top of the page. Use the search function to find a specific article, or browse by topic or article type.
- Continuing medical education activities are accessible from article links and from a CME pull-down menu on the home page. Participation is free.
- Follow links on the home page to news, summaries of recent scientific meetings, and interactive quizzes.
- Click on the PDF symbol at the top of any online article to read, download, or print the article in PDF format.

Social Networking

To post a *CCJM* article to Facebook or Twitter, just click on the icon at the top of any online article.

FROM THE EDITOR

LGBT care: There has been progress 477

A tectonic shift has taken place in how we perceive and interact with lesbian, gay, bisexual, and transgender people.

B.F. MANDELL

THE CLINICAL PICTURE

A serpiginous, itchy rash on the foot 494

Cutaneous larva migrans is caused by helminth larvae, usually parasites of the small intestines of cats and dogs.

E. GÓMEZ-MOYANO, L.M. PILAR, S.B. SIMONSEN, AND A. VERA-CASAÑO

SMART TESTING

Are we causing anemia by ordering unnecessary blood tests? 496

Iatrogenic anemia from blood draws is common, serious, and unnecessary.

C. LUTZ AND H.J. CHO

1-MINUTE CONSULT

A female liver transplant recipient asks: Can I become pregnant? 498

Pregnancy is possible, but not immediately after transplant, and it involves risks.

L. CHELALA, G. ILAIWY, AND I.A. HANOUNEH

THE CLINICAL PICTURE

Ovarian hyperstimulation syndrome as a complication of molar pregnancy 504

An 18-year-old woman, 14 weeks pregnant, presented with bleeding, cramping, and a fundal height of 23 cm.

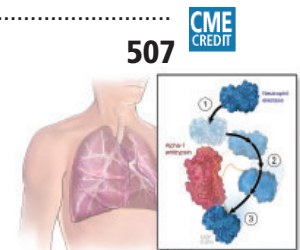

K. ALHALABI, B.S. LAMPL, AND G. BEHR

REVIEW

Alpha-1 antitrypsin deficiency: An underrecognized, treatable cause of COPD 507

Known cases of this common genetic disease are just the tip of the iceberg.

J.K. STOLLER

CME CREDIT REVIEW 515

Detecting cancer: Pearls for the primary care physician

Primary care physicians play a vital role in detecting cancers at earlier stages.

S.B. ZEICHNER AND A.J. MONTERO

CME CREDIT REVIEW 524

Premature ventricular contractions: Reassure or refer?

Many patients need only reassurance and do not need to see a cardiologist.

B. AKDEMIR, H. YARMOHAMMADI, M. CHADI ALRAIES, AND W.O. ADKISSON

CME CREDIT REVIEW 531

Best practices in LGBT care: A guide for primary care physicians

Myths, disparities, and a step-by-step approach to the care of lesbian, gay, bisexual, and transgender patients.

M.C. McNAMARA AND H. NG

REVIEW 542

The evolution of office notes and the electronic medical record: The CAPS note

CAPS—concern, assessment, plan, and supporting data—improves on the SOAP format.

J.F. STYRON AND P.J. EVANS

DEPARTMENTS

CME Calendar 478

Letters to the Editor 487

Readers comment on the Systolic Blood Pressure Intervention Trial (March 2016).

CME Test Directions Inside back cover

Upcoming Features

- Dual antiplatelet therapy: How long to continue?
- Is TSH enough to monitor thyroid disease?
- Hormone therapy: Is there a time limit?
- Renal anemia: Treat, but not too aggressively
- Thrombotic thrombocytopenic purpura: Role of ADAMTS13
- Dermatologic signs of nutritional deficiencies
- Information management for the busy clinician
- The ABCs of heart failure
- Stable ischemic heart disease: When to revascularize
