MARCH 2018

Table of Contents

FROM THE EDITOR

Deprescribing: When trying for less is more 179

We should periodically revisit the goals and rationale for all prescribed medications.

B.F. MANDELL

THE CLINICAL PICTURE

Primary livedo reticularis of the abdomen 181

Livedo reticularis can be the manifestation of a wide range of conditions—or not.

M. CHEW AND P. ARONOWITZ

THE CLINICAL PICTURE

Methemoglobinemia in an HIV patient 186

He had restarted his home dapsone prophylaxis, but his dyspnea worsened and his urine became dark.

R. RAIKER, W.C. LIPPERT, AND R. CHADHA

THE CLINICAL PICTURE

Ascites from intraperitoneal urine leakage after pelvic radiation 188

Six years earlier, the patient had undergone hysterectomy and chemoradiotherapy for cervical cancer.

T. FUJIKAWA AND Y. TOKUDA

1-MINUTE CONSULT

Hypertension in older adults: What is the target blood pressure? 193

Goal: systolic pressure below 130 mm Hg if the patient can take multiple medications and be followed closely.

A. GARG AND B.J. MESSINGER-RAPPORT

CME CREDIT IM BOARD REVIEW

A 67-year-old woman with bilateral hand numbness 200

Her history includes type 2 diabetes mellitus, dyslipidemia, hypertension, diastolic heart failure, and thyroid surgery.

S.S. RADWAN, K.M. HAMO, AND A.A. ZAYED

CME CREDIT REVIEW

Alzheimer dementia: Starting, stopping drug therapy 209

It is reasonable to consider discontinuing therapy when a patient has progressed to advanced dementia.

L.D. KIM AND R.M. FACTORA

CME CREDIT REVIEW

Primary care management of chronic pelvic pain in women 215

While referral may eventually be indicated, primary care doctors can take steps to diagnose and manage the condition.

R. BONNEMA, M. McNAMARA, J. HARSH, AND E. HOPKINS

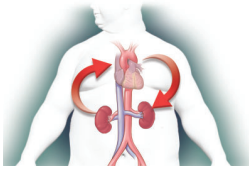
CME CREDIT REVIEW

Which test for CAD should be used in patients with left bundle branch block? 224

CT angiography is the first-line test in those under 65; for older patients there are SPECT and dobutamine echocardiography.

B. XU, P. CREMER, W. JABER, S. MOIR, S.C. HARB, AND L.L. RODRIGUEZ

CME CREDIT REVIEW



Acute cardiorenal syndrome: Mechanisms and clinical implications 231

Volume overload is central to its pathogenesis, and accurate assessment of volume status is critical.

G.S. THIND, M. LOEHRKE, AND J.L. WILT

EDITORIAL

Hemodynamically, the kidney is at the heart of cardiorenal syndrome 240

In heart failure, the heart and the kidneys share a rocky relationship.

J.L. GRODIN

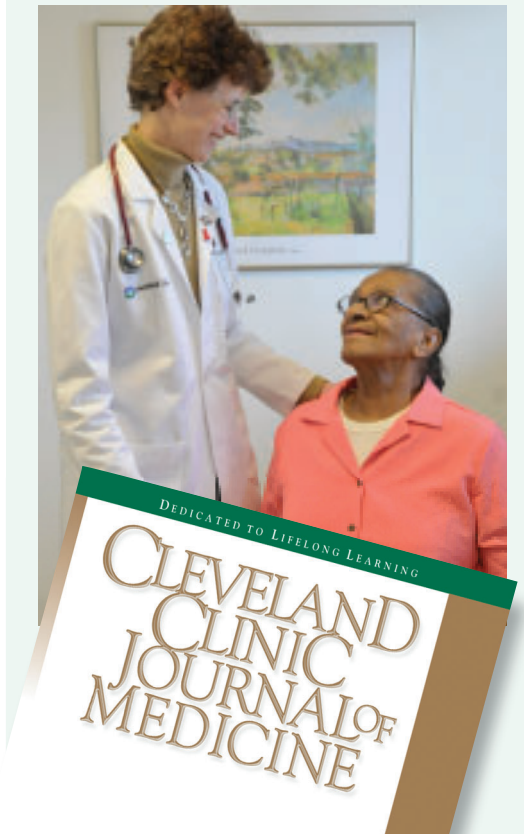
DEPARTMENTS

Correction 189

Errors occurred in: Bartholomew JR. Update on the management of venous thromboembolism. Cleve Clin J Med 2017; 84(suppl 3): 39–46.

CME Calendar 192

CME instructions 243

Upcoming Features


- Female athlete triad: It takes a team
- Gallstones: Intervene or observe?
- Should we supplement calcium and vitamin D?
- Troponin elevation: Not just in acute coronary syndrome
- Genitourinary syndrome of menopause: A proactive approach
