

# TABLE OF CONTENTS

## FROM THE EDITOR .....

### **The algorithm less traveled** 346

At Bellevue, the RPR was a routine test; at the University of Pennsylvania not so much—it all depends on context.

B.F. MANDELL

## THE CLINICAL PICTURE.....

### **An unusual complication of peritoneal dialysis** 352

A 45-year-old man, on peritoneal dialysis for 15 years, presented with abdominal pain, nausea, vomiting, and fever.

M. HANOUNEH, P. DAMERA, M. FETRAT, AND D. GEETHA

## THE CLINICAL PICTURE.....

### **Eyes of the mimicker** 356

A 42-year-old man presented with intermittent fevers, rigors, headache, and myalgia, and now, one-sided vision loss.

T.A. SUSSMAN, N.K. SHRESTHA, AND M. MIKLOWSKI

## 1-MINUTE CONSULT .....

### **How soon should patients with infective endocarditis be referred for valve surgery?** 362

Refer sooner rather than later if the patient has heart failure, uncontrolled infection, or embolic risk.

M. SOUD, H. MOUSSA PACHA, AND M. CHADI ALRAIES

## EDITORIAL .....

### **Infective endocarditis: Refer for expert team care as soon as possible** 365

Infectious endocarditis needs multidisciplinary care. If surgery is indicated, it is best done sooner.

G.B. PETERSSON, B. GRIFFIN, S.M. GORDON, AND E.H. BLACKSTONE

## MEDICAL GRAND ROUNDS.....

### **What you can do for your fibromyalgia patient** 367

Fibromyalgia is a defined syndrome of neuronal dysregulation and can be diagnosed and managed in a primary care setting.

C.E. GOTA

**CME CREDIT REVIEW** .....

**Idiopathic pulmonary fibrosis: What primary care physicians need to know 377**

This devastating and fatal lung disease generally affects older adults, especially men, and can be mistaken for COPD.

L.B. TOLLE, B.D. SOUTHERN, D.A. CULVER, AND J.C. HOROWITZ

**EDITORIAL** .....

**It takes a village to care for the patient with idiopathic pulmonary fibrosis 387**

The primary care physician can play key roles in diagnosis, referral, and long-term management.

A. FISCHER

**CME CREDIT REVIEW** .....

**Genitourinary syndrome of menopause: Common problem, effective treatments 390**

Half of all postmenopausal women experience these symptoms. Most do not seek relief.

N.A. PHILLIPS AND G.A. BACHMANN

**CME CREDIT REVIEW** .....

**Hypertrophic cardiomyopathy: A complex disease 399**

Most people who carry its mutations are never affected, but, rarely, some patients die suddenly at a young age.

L. YOUNG, N.G. SMEDIRA, A. TOWER-RADER, H. LEVER, AND M.Y. DESAI

**DEPARTMENTS** .....

**CME Calendar 389**

**Letters to the Editor 360**

A reader comments on acute cardiorenal syndrome (March 2018).

**CME Instructions 412**
