

# TABLE OF CONTENTS

**FROM THE EDITOR** .....

**Double the reasons for giving the flu vaccine in 2020** **647**  
Limiting the impact of other diseases, possibly including COVID-19.  
Brian F. Mandell, MD, PhD

**THE CLINICAL PICTURE** .....

**Spur-cell anemia** **649**  
A man with liver disease presents with dizziness and fatigue.  
Satish Maharaj, MD; Drew Murray, MD; Simone Chang, MD; Kamila Cisak, MD

**COMMENTARY** .....

**COVID-19 and flu: Dual threat, dual opportunity** **651**  
Measures to combat COVID-19 can minimize the impact of flu, and vice versa.  
Sherif Beniameen Mossad, MD, FACP, FIDSA, FAST

**1-MINUTE CONSULT** .....

**Does my healthy 65-year-old patient still need the 13-valent pneumococcal conjugate vaccine (PCV13)?** **656**  
The short answer is no—but it is not that simple.  
Craig D. Nielsen, MD, FACP; Xian Wen Jin, MD, PhD

**COVID-19 CURBSIDE CONSULTS** .....

**Recognition and management of respiratory co-infection and secondary bacterial pneumonia in patients with COVID-19** **659**  
Consider the presentation and trajectory of illness.  
Chao-Ping Wu, MD; Fatima Adhi, MD; Kristin Highland, MD

**COVID-19 CURBSIDE CONSULTS** .....

**Convalescent plasma for COVID-19: Promising, not proven** **664**  
The evidence is suggestive but weak. Trials are ongoing.  
Simon R. Mucha, MD; NurJehan Quraishy, MD

REVIEW ..... CME MOC

**Using and interpreting electrodiagnostic tests**

671

They supplement a neurologic examination in a variety of neuromuscular conditions.

Matthew R. Ginsberg, MD; John A. Morren, MD; Kerry Levin, MD

REVIEW ..... CME MOC

**Contrast media in patients with kidney disease:  
An update**

683

The risk of acute kidney injury is real, but lower than initially thought.

Ali Mehdi, MD, MEd; Jonathan J. Taliercio, DO; Georges Nakhoul, MD, MEd

REVIEW ..... CME MOC

**The effect of disease-modifying antirheumatic drugs  
on vaccine immunogenicity in adults**

695

Patients can have variable responses to vaccines, depending on the vaccine and the DMARD.

Alvin Lee Day, MD; Kevin L. Winthrop, MD, MPH; Jeffrey R. Curtis, MD, MS, MPH
